PROCEEDINGS OF THE MANAGING DIRECTOR

PRESENT : S.Venkatesapathy . IAS

Sub:- KWA- Estt - Re designation of the Chief Engineer (PPD & WASCON) as the Chief Engineer (Sewerage, PPD & WASCON) - orders issued

No: 3349/E1/2021/KWA

Dated: 12.02.2021

Read:- Proceedings No. 1279/E2(A)/2020/KWA dated 07.07.2020 of the Managing Director

ORDER

Environment protection has become the most important aspect in the present era of Sustainable Development. With uncontrolled urbanisation, contamination of drinking water sources by sewage and septage have become a major threat to public health and safety. The local authorities entrusted with environmental protection has little infrastructure to tackle this situation. Kerala Water Authority being a statewide establishment with qualified and experienced personnel in Public Health Engineering, the responsibility of waste water management can be taken up effectively. At present Kerala Water Authority is having only 4% coverage in the Sewerage sector of the State and this vacuum has to be filled to cope up with the situation. In this context the inception of a Sewerage Vertical in Kerala Water Authority has become inevitable. In response to the proposal for new posts, the Government have directed Kerala Water Authority to prepare a comprehensive Sewerage Vertical by utilizing existing infrastructure and available human resources.

Accordingly, a Sewerage Vertical created in Kerala Water Authority with a Chief Engineer's Office at Thiruvananthapuram and four Circle Offices at Thiruvananthapuram, Kochi, Thrissur and Kozhikkode along with Sewerage Camp Offices in 14 Districts. The Chief Engineer (PPD&WASCON) is designated as the head of the new Sewerage Vertical in Kerala Water

Authority in addition to the existing portfolios.

In the above circumstances, for the smooth functioning of the Sewerage Vertical in Kerala Water Authority, the Chief Engineer (PPD & WASCON) is hereby re designated as Chief Engineer (Sewerage ,PPD &WASCON).
