ORDER

Leak benefit is being allowed to the deserving consumers as per the guidelines mentioned in the above 1st referred letter and the procedure was approved by Resolution vide 2nd referred above. The allowance of remission of revenue is sanctioned after ascertaining the merit of the individual representation made in the case of hidden leakage occurring to the inside installation to house connections ,on the recommendation made by the Executive Engineer after conducting proper inspection and certification by the subordinate officers.

Remission shall be at the concessional rate of Rs. 14/Kl instead of Rs.25/KL for the monthly average consumption exceeding 50KL. The benefit shall be given to the consumers only once in a life time and the fact shall be recorded in the CPL.

Now the Managing Director has made an observation as why can't leak benefit be granted by the Executive Engineers themselves, when a bunch of petitions for leak benefit was received. When RMC bring the notice of the Managing Director that the limitation set on for sanctioning leak benefit by the Executive Engineer is Rs.1000/- as per the existing guidelines and put a proposal whether the limit can be extended to Rs.25,000/- , the managing Director directed

to put the matter to the high Level Committee. The HLC suggested to place the matter before the Board for a decision

Hence the matter was placed before the Board and the Board vide its Resolution No. 9954 in the 373rd meeting held on 25/09/2014 resolved to issue power to the Executive Engineer for the remission of revenue up to Rs. 25,000/- in the case of hidden leaks and such cases to be reported to RMC by MIS/e-mail.

In this circumstance it is hereby ordered to act according to the decision of the Board and allow remission of revenue up to Rs. 25,000/- in the case of hidden leaks in deserving cases in the level of Executive Engineer itself and report such cases to RMC by **MIS/email**.
