0				<b>,</b>		Jal Jeevan Mission
						Jal Jeevan Mission (JJM) project is
						envisioned to provide drinking water
						connection to all households in rural areas
						of the State by 2024. The scheme is being
						jointly implemented by the Central and
						State Governments. This project will
						benefit the rural poor, especially the
						families in the SC / ST colonies, the families
						living in the hilly areas where clean
	JAL JEEVAN MISSION (NRDWP) -					drinking water is not yet available, and the
18	50% CSS-[XX] 4215-01-102-92-	40000.00	135344.31	135344.31	105975.43	women and girls who have to travel long
	(02) ( State share)					distances daily for drinking water. With the
						project to be completed by 2024, the State
						government is implementing the project in
						the midst of the crisis caused by the Covid
						epidemic. Out of the existing 67.15 lakh
						rural households in Kerala, which is now
						70.68 lakh rural household (after Yearly
						Data Updation), 17.5 lakh households
						were provided with water supply
						connection till 01/04/2020. During 2020-
						21, State could increase the coverage to
						21.54 lakh connections as on 31/03/2021.
						32.08% rural households in Kerala are
						provided with functional household tap
						connections as on 31.03.2021. State could
						provide 4,04,464water supply connections
						to rural households through the mission
						during 2020-21 in the midst of the crisis
						caused by the Covid epidemic.
						In 2020-2021 Government issued orders
						for the implementation of Jal Jeevan
						Mission through the 3 tier Panchayati Raj
						system on June 2020. The Annual Action
						Plan (AAP) for 2020-21 to provide 21.42
						lakh household water supply connections
						was approved in July 2020. The main focus
						of the plan was on SC / ST dominated
						villages and areas with quality problems
						due to excessive presence of fluoride,
						salinity and iron. 2020-21 AAP also
						included measures to ensure water
1						availability by revising the status quo of
						habitations that previously had piped
1	I	l			İ	madications that previously had pipeu

						water by strengthening the schemes as
						needed. It was also planned to provide
						FHTCs to households by launching new
						schemes in villages where there are
						currently no drinking water schemes.
						Following the approval of 2020-21 AAP in
						July 2020, various committee at the
						Panchayat, District and State levels have
						been formed and worked hard to
						implement the plan. The projects are
						being implemented by the Kerala Water
						Authority, KRWSA and the Ground Water
						Department. State Level Inauguration of
						the Scheme was done by Hon. Chief
						Minister Shri. Pinarayi Vijayan on
						08/10/2020. The State Government has
						given administrative sanction for projects
						worth Rs. 6765.25 crore to provide 21.64
						lakh connections and related works
						approved by the District Water and
						Sanitation Missions in two phases.
						(Administrative sanction was given on
						21/08/2020 for projects worth Rs. 4448.68
						crore to provide 16.48 lakh connections
						and for support activities, water quality
						monitoring and surveillance. In the second
						phase, Administrative Sanction was given
						on 24/12/2020 for projects worth Rs.
						2316.57 crore to provide 5.16 lakh
						connections, connection to 611
						Anganwadis and temporary installation of
						CWPPs in water quality affected areas).
						Panchayat level daily progress of the
						project is provided in Kerala Water
						Authority website for proper monitoring
						and bringing transparency in project
						implementation. The public and the
						people's representatives can access this
						information at any time through the
						website. Kerala Water Authority has
						invited tenders for 1147 works to provide
						21.27 lakh connections as on 31/03/2021.
						Work orders have been issued for 894
						works to provide 13.29 lakh connections
						as on 31/03/2021. 4,04,464 FHTCs have
1			I	I	I	been provided during 2020-21 as on

JAL JEEVAN MISSION (NRDWP) 50% CSS - Central share)4215- 01-100-92-01 40000.00 45114.77	45114.77 95784	31/03/2021. Thus State could increase the coverage to 21.54 lakh connections as on 31/03/2021. As on 31.03.2021, 32.08% rural households in Kerala are providedwith functional household tap connections. As part of Jal Jeevan Mission, GOI also announced 100 days programme for 100% coverage to rural schools and Anganwadis. Out of the 10981 rural schools and 24713 Anganwadis, 10627 numbers of schools and 23717 numbers of Anganwadis were provided drinking water through tap connections. State has achieved 96.78% coverage in case of rural schools and 95.97% coverage in case of rural Anganwadis during 2020-21. In addition to providing safe water supply connection to rural households, the programme also implemented water quality monitoring and surveillance activities, support activities to provide information, education and skill development to local community and other stakeholders, campaigning/community mobilization/publicity through visual media/other social media etc. The mission is being implemented on a community

						Support Activities
						As per guidelines 5% of the JJM fund is
						provided for support Activities. The
						funding pattern of support activity is 60:40
						between Central and State. Under support
						activities, training, MIS, Third Party
						Inspection, IEC activities etc. were taken
						up. During the year 2021-22, an amount of
						Rs. 12.43 crore was utilised being the
						Central share and cumulative expenditure
						for the Support Activities was Rs. 20.80
						crore including the matching State shareIn
						Support Activities ISAs engaged in GPs for
						IEC activities. Training programmes
						conducted to create awareness to
						Panchayat officials and
						stakeholders. Skilling given to plumbers,
						fitters etc. Total 256 persons skilled so far.
						Due to Covid related restrictions, the
						progress of skilling training is low. Training
						is in progress through KASE (Kerala
						Academy for Skills Excellence). Minister for
						Water Resources also conduct District wise
						meetings with MLAs,MPs, Panchayat
						Authorities and other department stake
						holders for sorting out the issues.
						l
						-
						Surveillance Programme (WQM&SP)
						Further, 2% of the JJM fund is provided for
						Water Quality Monitoring and Surveillance
						Programme (WQM&SP). Under WQM & SP
						water quality monitoring of drinking water
						sources, formation and modernization of
						water quality testing labs, water quality
						test using Field Test Kit (Water), obtaining
						NABL accreditation to the labs etc. are
						taken up. The funding pattern is 60:40
						between Central and State. During the year
						2021-22 an amount of Rs.11.37 crore had
						been utilized being the Central share for
						the above programme. The cumulative
						expenditure including the State share
						under WQM & SP for the year 2021-2022
						was Rs. 18.97 crore. including the

						All rural Schools and Anganwadis in the
						state provided with safe drinking water.
						Under Water Quality Monitoring and
						Surveillance Activities (WQM&S), 82 labs
						got NABL accreditation.100% saturation
						attained in 34 panchayat.
						5000 Kudumbashree women trained to
						monitor the quality of water sources using
						FTK (Field Test Kits)anddeployed in
						Panchayats through Kudumbashree for
						quality surveillance.
						NITI Avera has allested Ba 40.73 areas to
						NITI Ayog has allotted Rs.19.73 crore to
						Kerala for providing interim water supply
						to 73 Fluoride affected habitations in the
						state as one time additional (OTA) central
						assistance. It is envisaged to ensure 8 to 10
						lpcd safe drinking water by installing
						Community Water Purification Plants
						(CWPP) in the Fluoride / Arsenic affected
						habitations as an interim measure.In
						Kerala there are no Arsenic affected
						habitations. Kerala water Authority has
						proposed R.O Plants and feasible pipeline
						extension from nearby safe sources in the
						affected habitations utilising NITI Ayog
						allocation. Accordingly Kerala Water
						Authority has provided safe water on a
						permanent basis in 68 Fluoride affected
						habitations by providing pipeline extension
						from treated sources. As per the status as
						on 31.03.2021, 5 Fluoride affected
						habitations are remaining to be covered.
						All the remaining Fluoride affected
						habitations will be covered during 2022-
						23.
