Chapter I

KERALA WATER AUTHORITY – A PROFILE

The Kerala Water Authority (KWA) was constituted by the Government of Kerala through the Kerala Water Supply and Waste Water Ordinance 1984 converting the then existing Public Health Engineering Department. The ordinance was replaced by the Kerala Water Supply and Sewerage Act 1986 (Act 14 of 1986) and the organization was deemed to have come into force on the 1st day of March 1984. The Act provides for the establishment of an autonomous Authority for the development and regulation of water supply and wastewater collection and disposal in the State of Kerala and for matters connected therewith.

The Authority was established by vesting the properties and assets of the erstwhile Public Health Engineering Department under section 16 of the Act and the assets, rights and liabilities of the Local Bodies and the Kerala State Rural Development Board in so far as they pertain to the execution of water supply and sewerage schemes under Section 18 of the Act.

- **Vision**

We will provide quality water and waste water services in an environmental friendly and sustainable manner.

- **Mission**

We will transform ourselves to a consumer friendly organisation providing services at the doorstep.

- **Strategy**

We will achieve this by being open and honest in our business dealings. Financially self sufficient valuing and developing our employees continuously improving our work practices.

The main functions of the Authority are

- (i) Preparation, execution, promotion, maintenance and financing of the schemes for the supply of water and disposal of waste water.
- (ii) Planning for the State's water supply and sewerage requirements.
- (iii) Preparation of State plans for water supply and collection and disposal of wastewater on the direction of the Government.
- (iv) Establishment of standards for water supply and waste water services.
- (v) Carrying out applied research for efficient discharge of the functions of the Authority.
- (vi) Making provisions for the supply of wholesome water and ,efficient sewerage services to the people in the state.

Chapter II CONSTITUTION

As per Act 14 of 1986, (The Kerala Water Supply and Sewerage Act), Section 4, the Authority consists of the following members of.

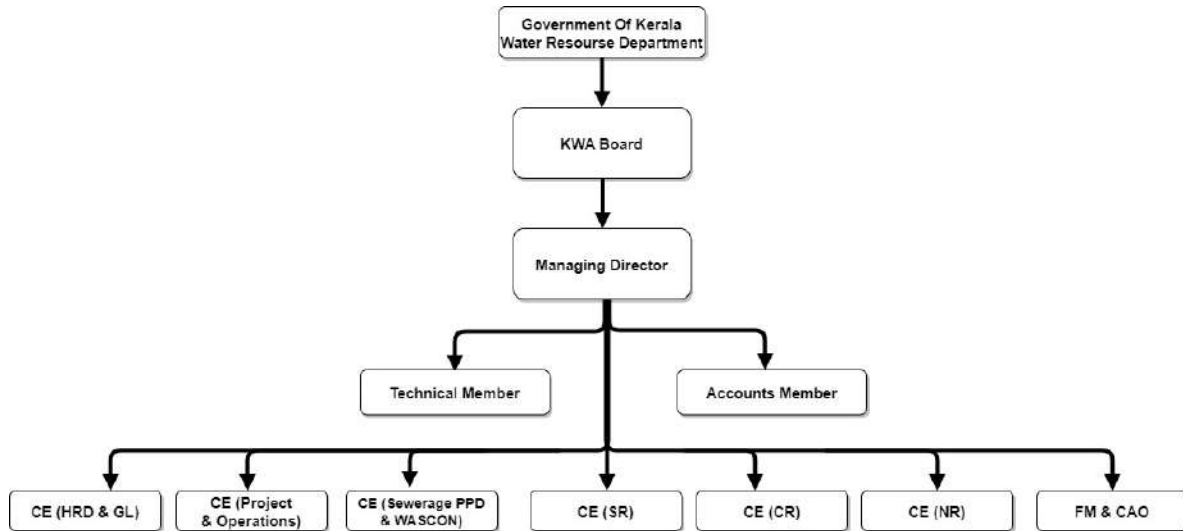

- 1 Chairman – Appointed by the Government.
- 2 Managing Director – Appointed by the Government.
- 3 Secretary to Government, Water Resources Department, Government of Kerala.
- 4 Secretary to Government, Finance Department, Government of Kerala.
- 5 Secretary to Government, Local Administration Department, Government of Kerala.
- 6 Secretary to Government, Rural Development Department, Government of Kerala.
- 7 Two members representing the Local Bodies in the state, appointed by Government.
- 8 Two members appointed by the Government, one of whom shall be a member belonging to the schedule caste / schedule tribe.
- 9 A Technical Member, appointed by the Government.
- 10 An Accounts Member, appointed by the Government.
- 11 Executive Director, KRWSA.

Members of the Authority during the financial year 2022-23

	Designation		Period (01.04.2022 - 31.03.2023)
1	Chairman KWA & Secretary, Water Resources Department	:	Sri. T.K. Jose IAS (01.04.2022 - 30.06.2022)
			Sri. Pranabjyoti Nath IAS (03.08.2022 - 09.02.2023)
			Sri. Ashok Kumar Singh IAS (10.02.2023 - continuing)
2	Managing Director, Kerala Water Authority	:	Sri. Venkatesapathy S. IAS (01.04.2022 - 31.03.2023)
3	Secretary to Government (Finance Expenditure), (Ex-Officio)	:	Smt. Tixy S Nelson, Additional Secretary (From 01.04.2021 - continuing)
4	Secretary to Government, Local Self Government, (Ex- Officio)	:	Smt. Sarada Muraleedharan IAS, Additional Chief Secretary (01.04.2021 - continuing)
5	Executive Director KRWSA (ex-officio)	:	Sri. Venkatesapathy S. IAS (01.04.2022 - 31.03.2023)
6	Non-Official Members	:	Sri. Shaji Pampoori (09.03.2022 - continuing) Adv. Jose Joseph (09.03.2022- continuing) Sri. Ushalyam Sivarajan (09.03.2022 - continuing) Shri. R. Subhash (14.02.2023 - continuing)
7	Technical Member, Kerala Water Authority	:	Sri. Sreekumar G. (01.04.2022 - 31.03.2023)
8	Accounts Member, Kerala Water Authority	:	Vacant

Chapter III ORGANIZATIONAL STRUCTURE

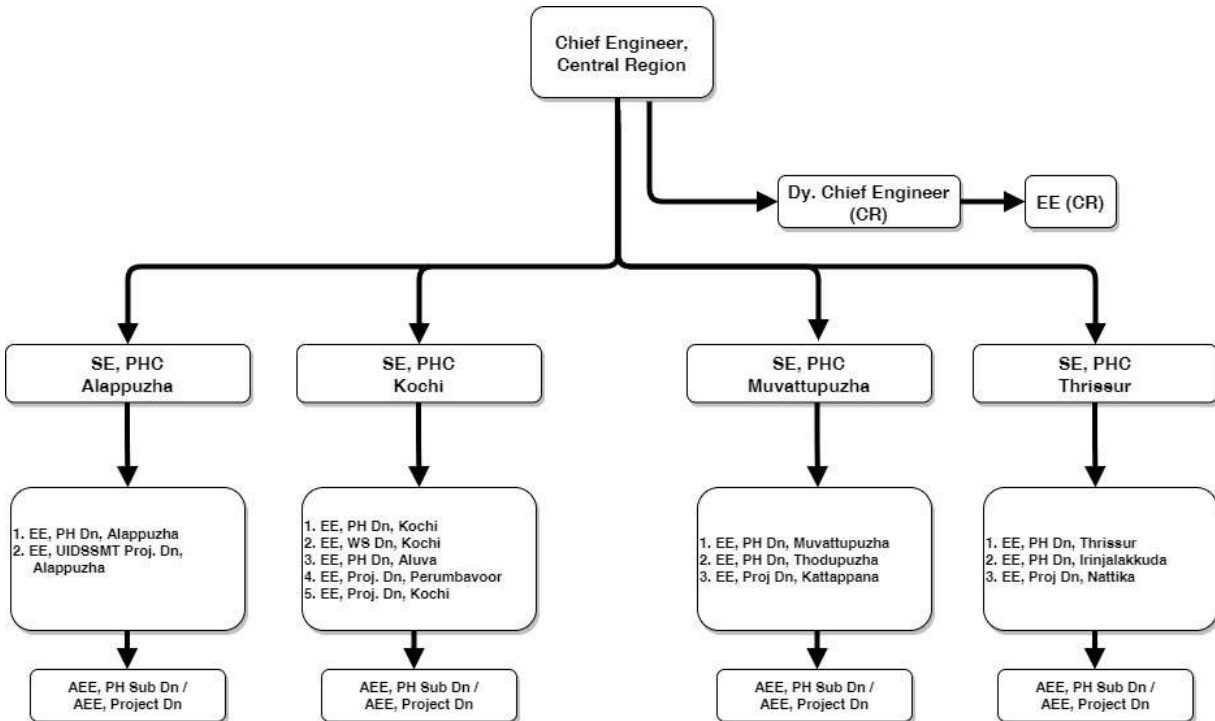

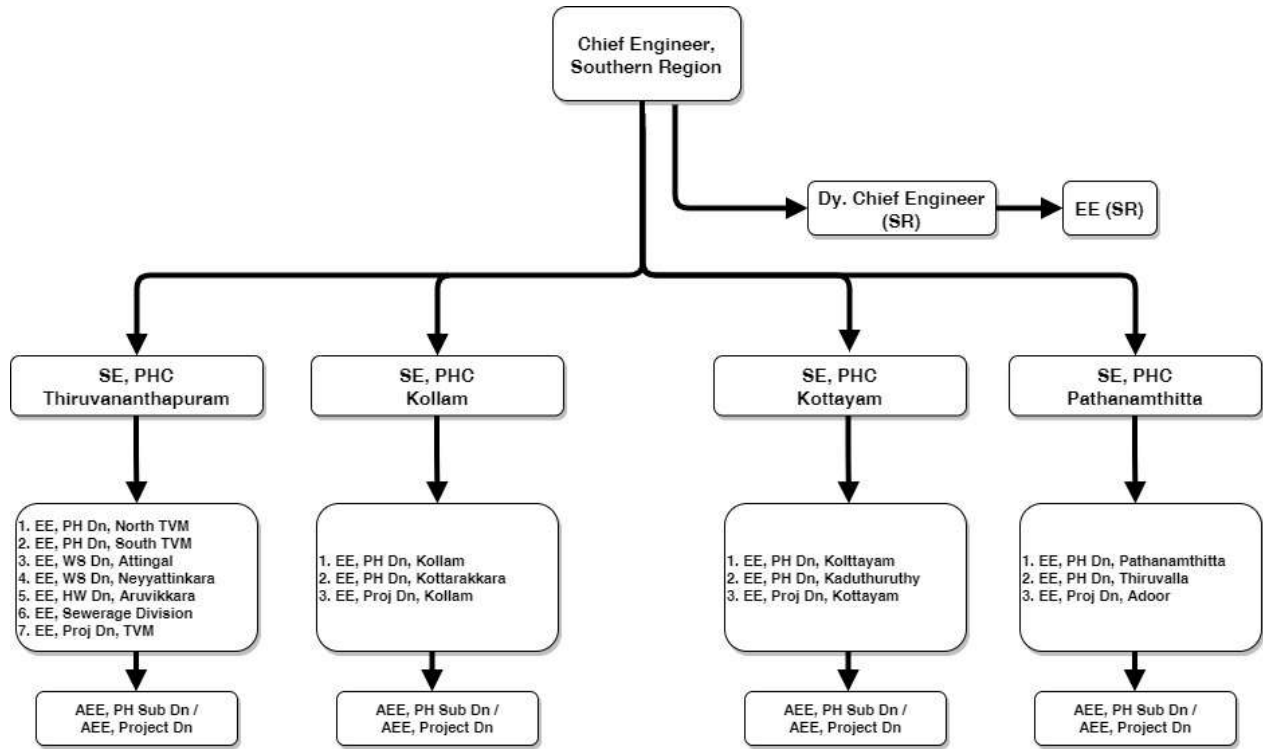

Basic Structure

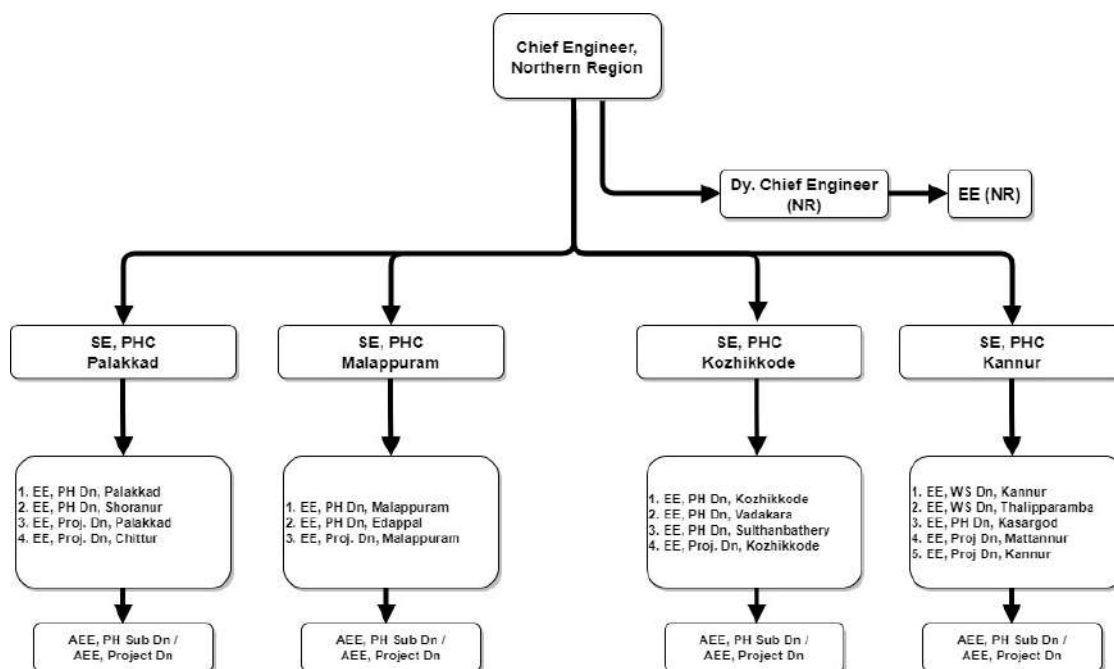

Head Office

Regional Offices

Organisational Structure

The KWA has its Headquarters at Jalabhavan, Vellayambalam, Thiruvananthapuram. It has 4 Chief Engineer offices, 17 Circle Offices, 49 Division offices, 135 Sub Division Offices and 294 Section Offices including revenue, projects, sewerage and quality sections spread across Kerala. The major functional units are:

- Operation & Maintenance
- Projects
- Project Planning and Development
- Quality Control
- Consultancy (PPD Sewerage & WASCON)

The KWA has elaborate water quality control setup with a State Referral Institute at Kochi and has 14 District labs and 33 sub divisional labs.

In head office the operations of existing schemes including O&M, Revenue Collection, Non Revenue Water loss, etc. are also been monitored in addition to the monitoring of progress of on - going schemes. By close monitoring and reviews, many schemes could also be commissioned in the financial year increasing the coverage and benefitting more population in the state. The objective is improved customer satisfaction through better service delivery.

It is necessary to make technical advancements in working style which ensures KWA to do “Smart Work”.

Major units of KWA

Administrative Wing

Administrative Wing in Head Office headed by Senior Administrative Officer at Thiruvananthapuram is mainly dealing with Human Resource Management. The database regarding all categories of employees and officers (Ministerial & Technical) and its appointment, sanctioned post and promotion avenues as per special rules in force are kept almost up to date and tidy.

Purchase Wing

Procurement of chemicals required for the treatment of water such as alum, lime, and bleaching powder is done centralisedly by this wing. All tenders are being floated in head office by this unit. Empanelment of manufactures of pipes, specials, pumps motors, starters, flow metres, water metres, and transformers are done by this unit.

Training Centre

A centralized training centre headed by an Executive Engineer is functioning at Trivandrum with ample training facilities. The unit carries out in-house trainings, workshops, refresher courses etc. Training Centre also facilitates the deputation of officers for higher studies and external training.

Vigilance Section

There is a Vigilance Wing headed by a Deputy Chief Engineer, and consisting of one Executive Engineer, three Asst. Executive Engineers and a Junior Superintendent functioning under the Technical Member. They are entrusted with the task of detailed enquiry of allegations against officers and on the execution of different works and other enquiries entrusted to it in respect of any matter affecting the Authority. The report submitted will be scrutinized by a committee headed by the Technical Member and based on the recommendation, further action will be taken in every case.

Internal Audit Wing

Kerala Water Authority is having an Internal Audit Wing with a section at headquarters and two teams headed by Internal Auditors. These audit teams are deployed for the yearly audit of the accounts and other records of the Accounts Rendering Units. They are also responsible for the follow up action with regard to the audit findings of the Accountant General, Kerala, Stock Verification Reports submitted by two Stock Verification Sub Divisions located at Thiruvananthapuram and Kozhikode, Internal Audit Reports, Special Audit Reports, Reports of different Legislative Committees such as PAC, COPU, Local Fund Accounts Committee, Subject Committee, etc. They report directly to the Accounts Member.

Chief Engineer Offices

- Chief Engineer (Southern Region)
- Chief Engineer (CentralRegion)
- Chief Engineer (NorthernRegion)
- Chief Engineer (Sewerage PPD & WASCON)

Under the control of a Chief Engineer, Sewerage PPD &WASCON the consultancy wing of KWA and is authorised to undertake consultancy and construction works in Civil Engineering, provide services to LSGs while taking up infrastructure projects in Water and Sanitation sector.

Circle Offices

There are 17 Circle Offices including Sewerage and Quality wing. The Circle offices are headed by Superintending Engineers.

Division Offices

The Divisions are controlled by Executive Engineers. Depending on the nature of work the Divisions are primarily classified as O&M (PH/WS) Divisions, Project Divisions and Quality Control Division.

These divisions are the main executive unit for the execution of O&M of water supply across the State. The Executive Engineer is responsible for the proper execution of all O & M works in his Division and also in guiding and controlling the subordinate officers in regard to operation and maintenance of all water supply schemes. He has also powers of sanctioning estimates and entering into contracts within the limits of powers delegated to him. As disbursing officer of the Department, all payments for works, supplies and services shall be made by the Executive Engineer in the Division or through the Sub Divisions and Sections under him. The Executive Engineer shall render the prescribed accounts to the FM&CAO.

The Division Office shall have three branches, viz. Technical Branch, Accounts Branch and Establishment Branch. The Technical Branch shall be under a Technical Assistant (Asst Executive Engineer), Accounts Branch under a Divisional Accountants Officer and Establishment Branch under a Junior Superintendent. Revenue Officers are also posted in certain Divisions to look after the revenue related matters.

Executive Engineer is also the liaison officer for dealing department matters with other departments and with Elected Representatives. There are 29 regular divisions looking after operation and maintenance of water supply and one division looking after operation and maintenance of sewerage system in KWA. When the division is authorized the charge of Head works, with a number of major water treatment plants having important transmission mains, particularly a very large population covering cities, municipalities, corporation, the division is called Head Works Division. The control of overall quality of water produced, arranging various maintenance works of TP's and its components is with the Head Works Division.

• Project Divisions

KWA has 16 Project Divisions across the State exclusively for executing Capital works. The Division is entrusted with the task of envisaging a project, preparation of engineering report, preparing tender documents and executing the project and preparation of contractors' bill of projects related to water supply and sewerage. After trial run, commissioning and rectification of defects by monitoring the trial run, the assets are handed over to the O&M Divisions.

• Quality Control Divisions

Other than regular divisions and project divisions, KWA has 3 quality control divisions, one at Thiruvananthapuram, Kochi and Kozhikode, with Director SRI(SE) as its head. The quality control divisions control the activities of QC Sub Division offices and QC section offices, including all regional labs. The QC Division monitor the quality of water produced in WTP's and other minor WSS at frequent pre determined intervals. In addition to the inspection of schemes and collection of water samples they also check the quality of chemicals supplied to KWA like Alum, Lime and Bleaching powder.

NABL accreditation of Labs and quality check of private water samples is also a mandate of Quality Control Divisions.

Sub Division Offices

The work of sections is controlled by a sub-division under the control of an Assistant Executive Engineer who is vested with powers, within his delegation, to sanction estimates, enter into contracts and make payments. The Assistant Executive Engineer has also to guide subordinate officers in the matter of operation and maintenance of schemes and take all steps necessary to ensure that quality water supply is ensure to the public. He has to maintain and render

accounts as prescribed in the rules and orders in force. The sub division holds the control of all section offices under it. It is in the middle position between the Division and Section Offices, with control of revenue collection and giving connection like that of Non domestic, Industrial etc. Sub Division Office is headed by Assistant Executive Engineer, assisted by Junior Superintendent/Head Clerk and subordinate staff in Office and has control of section offices headed by Assistant Engineers. Sub Division offices collect various fees related to water connection and that like of meter replacement, ownership change, alterations in water connection etc. sub division office looks into the activities of section offices and issue guidance for its proper function time to time. The supervision of works under section offices also comes under the purview, including quality of water distributed.

Section Offices

The lowest executive unit of the organizational set up is the section office under the control of an Assistant Engineer whose jurisdiction may be territorial or functional. For carrying out, executive and supervisory functions the section will have the required number of Overseers, and other staff like Drivers, Operators, etc. For assisting him in the ministerial work there will be a clerk attached to his office. Where the section is under the control of departmental execution of works, required staff shall be deployed. In addition to executive functions, the Assistant Engineer has to maintain the primary records of all transactions relating to works, supplies and services under his control and renders accounts to his superior authorities as per rules.

Section offices are the backbone of KWA. All activities start from here and all works and other projects/proposals etc rise from section offices. Section office directly looks into the O & M of all schemes under its control, including execution of works, implementation of water connections, taking meter readings, entering of meter readings, issue of water bill, raise work bill, raise reports, and estimates. Any short falls in section offices will be reflected in the performance of Authority itself. Assistant Engineer heads the section office with supporting administrative and technical staff. As all activities right from revenue to work starts here heads with Head Clerk, it is the most important ring in the chain. Consumer complaints will be addressed primarily from section offices and grievances if any only will be taken up at higher offices.

Quality control sections collect sample from sources, distribution system, sumps, OHSR and WTP's as per preapproved frequencies and report to AEE, QC Sub Division and EE, QC Divisions concerned. Assistant Engineer heads the section and also controls activities directly in district labs under his control.

JICA Assisted Kerala Water Supply Projects

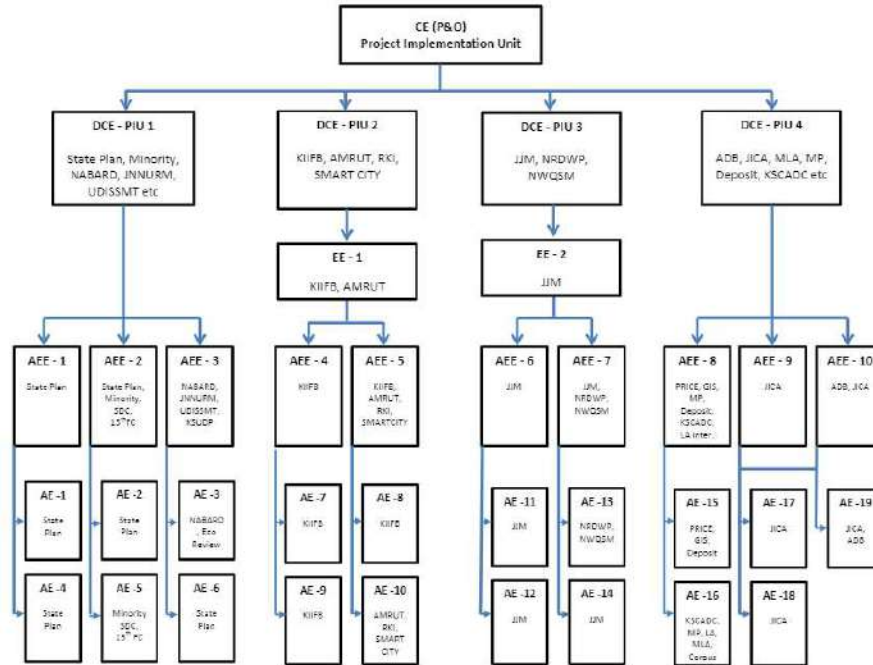

The JICA Assisted Kerala Water Supply Project was implemented under a Chief Engineer. All the five major water supply schemes assisted by Japan International Co-operation Agency were commissioned. Now Chief Engineer (Projects and Operation) is in charge of the balance works and he assists the closing of pending bills. Its function is to augment and rehabilitate water supply systems of two urban regions viz. Thiruvananthapuram and Kozhikode and to construct water supply systems for three rural regions viz. Meenad, Cherthala and Pattuvam.

Project Management Unit (PMU)

KWA is implementing the Kerala Urban Water Supply Improvement projects with the loan assistance from the ADB for 24 x 7 water supply system in the 3 major cities viz, Thiruvananthapuram, Kochi and Kozhikode. The ADB Consultation Mission has emphasised the need of Establishing a Project Management Unit (PMU) and it was agreed to establish the same immediately. As per the KWA Board Resolution No. 10725 Dated: 27/07/2018 resolved to approve the proposal for converting the existing JICA project office as PMU for ADB project and also to deploy the existing staff in the JICA Project Office as PMU for ADB project. The PMU is functioning as separate wing under the DCE.

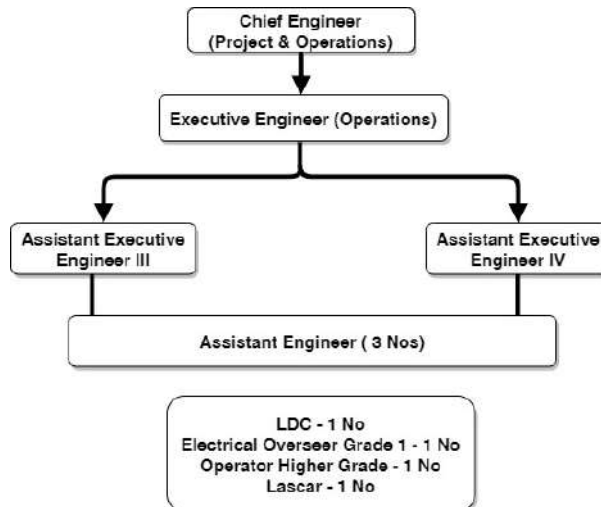

Chapter IV PROJECTS AND OPERATIONS

Project Implementation Unit

Kerala Water Authority is presently carrying out water supply projects under various heads, NABARD, AMRUT, KIIFB, RKI, ADB, JJM etc. with the aid of various external agencies as well as the Government. Project Implementation Unit (PIU) at Head Office and District level PIU in all districts were formed to ensure speedy completion of the projects. At Head Office Planning, Works, Monitoring sections, each headed by Deputy Chief Engineers are undertaking the main activities in project implementation viz. planning, award of contract, monitoring etc. It will be more effective and time saving if same set of officers are involved from the planning stage till completion of project.

Operations and Maintenance Unit

Operation and maintenance refers to all of the activities needed to run a water supply and Sewerage scheme, except for the construction of new facilities. The overall aim of operation and maintenance is to ensure efficiency, effectiveness and sustainability of water supply and Sewerage Schemes. The two activities of “operation” and “maintenance” are very different in nature. Operation refers to the routine activities and procedures that are implemented to ensure that the water supply system is working efficiently. The activities that contribute to the operation of a water utility are undertaken by technicians and engineers who have responsibility for controlling the functions of the system. Maintenance, on the other hand, are to do with the technical activities, planned or reactive, which are needed to keep the system working.

Operation and maintenance has been neglected in the past, or been discussed and introduced only after a project was completed. Realizing the fact that this neglect or delay in applying proper operation and maintenance has affected the quality of service offered of the services to a great extent, Operations Unit has been formed in HO to monitor the O&M of water supply and sewerage services and to formulate appropriate policies and operating guidelines as and when required. The importance of O&M has gained considerable visibility ever since the formation of Operations Unit. Some of the main activities carried out by Operations Unit are as follows.

- Monitoring of Operations and Maintenance expenditure
- Tracking utilization and wages of employees through Software
- Non-Revenue Water Management activities
- Emergency works related to Drought / Flood and special festivals like Sabarimala pilgrimage, Attukal Ponkala.
- Monitoring of complaint Redressal system (1916, tolfree, Aqualoom etc.)
- Suggest remedial measures to be taken in case of emergency, quality issues etc
- Innovative and Pilot projects related to technological improvements in O&M of water supply and sewerage systems.

Activities of Blue Brigades.

The water supply system of Kerala Water Authority is always through pressure pipe system. Although the pipeline system is designed to withstand a certain pressure, these water supply pipes may leak due to high pressure inside the pipe as well as external pressures and vibrations due to movement of heavily loaded vehicles. As it is a pressure operated system, if a small crack is not repaired, additional water loss will occur and the amount of non-revenue water will increase. It is therefore important to ensure that pipeline repairs are carried out in a timely manner. If these are not done from time to time, even in places where the annual contract is in place, an alternative system needs to be put in place to attend the leaks immediately. In addition, valve adjustments are required to control and regulate the water supply in different areas, which is an issue that needs to be addressed very carefully, and defects in this can seriously affect the drinking water supply in an area.

If the two issues mentioned above i.e. time bound pipe maintenance and valve control are handled properly, water loss will be avoided and smooth drinking water supply will be possible. The "Blue Brigade" system is working as a pilot project in some key locations to achieve this goal.

The system includes a maintenance van / jeep, fitter, plumber, worker, repair tools, pipes, valves and specials.

Depending on the situation in the area, the system operates on a one-shift / two-shift / three-shift schedule. In the event that the Running contractor is not attending the leakages in a timely manner, repairs will be carried out by the Blue Brigade.

Currently Blue Brigade is operating in **29 division offices**

Consumer Grievance Redressal Mechanism.

In KWA Grievances of consumers are received through phone calls (1916 Toll free), messages in social media Whatsapp (Messenger), e-mail and in writing

Complaints through phone calls.

Complaints received through phone at CCU's 24x7 Centralized Call Centre (toll-free number: 1916) are processed in the "AQUALOOM" software. A docket number will be generated as soon as the complaint details are entered in the software. The complainant and the Concerned AE, Overseers receive the docket number through SMS alerts. All complaints received over the phone in any offices of KWA, are likewise registered in the software and handled in the same way. In the case of revenue collection/billing complaints, the registered complaints are first directed to IT wing staff, who will check the complaints and, if they can be resolved by them, they will be resolved promptly; if not, the complaints will be routed to the appropriate AE for resolution. All other complaints registered in the software are directly routed to the concerned AEs for redressing the same. Once the complaint is resolved, the complainant will receive an SMS message indicating that the issue has been solved.

Complaints through Social Media.

Complaints received via KWA's official Whatsapp number (9495998258), Facebook page, and Messenger are also entered into the AQUALOOM software and processed in the same way as above, but in addition the call center staff also provides interactive responses to queries raised through social media platforms.

Complaints in Writing.

Complaints filed in writing directly from customers, received at head office, or referred for action from the offices of Hon'ble Ministers are now processed independently through DDFS. The complaints are handled in an offline method, where the report is received through email or physical mail, processed, and either a report is submitted to GoK or a proper response is sent to the person who filed the complaint.

Water Supply Coverage.

There are 914 water supply schemes in operation as on 13.09.2023, benefitting a population of 2.491 crore. The average per capita availability of piped water is 97 litres per capita per day. However, the lpcd is varying in different habitations in all the districts.

During the financial year 2022-23, 6 schemes under State Plan, 2 projects under NABARD, 1 project under RKI and 6 water supply projects and 10 replacement works under KIIFB have been completed. 5.2856 lakhs FHTCs were provided under JJM and schemes were commissioned thereby increasing coverage and the population benefitted. Many new

projects were sanctioned under State plan, RKI, JJM and NABARD to cover the uncovered areas. KWA distributes water through House Service Connections (HSC) and street taps.

As part of implementation of JalJeevan Mission, it is intended to have more Functional households tap connections (FHTC) in the rural sector. KWA aims to cover 100% population in the rural sector with FHTCs by 2024.

Revenue

The major income for KWA is from the sale of water and Kerala is the only state in the country with 100% metered water connections. The water tariff is uniform across the state with block tariff structure (increasing rate with increasing consumption).

During the financial year 2022-23, GoK have issued an order vide GO(MS) No.11/2023/WRD dated 03.02.2023 thereby an one paisa per liter increase in water tariff was implemented. The additional annual income expected is Rs.401.61 crore as per tariff revision. The total revenue collected during 2021-22 was Rs.583.23 Crore against the Demand including fine of Rs.1112.33 crore and that during 2022-23 was Rs.806.21 Crore against the Demand including fine of Rs.1035.41 crore. Deduction in Demand in 2022-23 is due to the Amnesty scheme declared by Government of Kerala vide Order No.615/2022/WRD dated 18/07/2022 for Arrear collection. In the Amnesty scheme an amount of Rs.111.12 crore was collected as arrear and an amount of Rs.449.07 crore was written off.

Minimum Rate for Domestic connections is Rs.14.41/KL upto 5000 Liters, for Non Domestic connections is Rs.26.54/KL upto 10,000 Liters, for Industrial connections is Rs.54.10/KL and for Bulk supply Rs.16.62/KL.

Out of 43.43 Lakh consumers (including street taps), 39.99 Lakh connections come under domestic category (92.06%) and 1.909 lakh consumers belongs to non-domestic/ industrial/Special categories. Moreover KWA is providing water through 1.53 lakh street taps. KWA is supplying 15,000 liters of drinking water per month free of cost to about 5.91 lakh BPL families in the State amounting Rs.18.47 crore.

The major sources of income of KWA are from the following sources:

- Revenue from sale of water
- Non Plan Grant from GoK
- Other income

As an autonomous body under the State Government, Kerala Water Authority (KWA) is supplying piped water in the State and Waste water collection is also part of its mandate. KWA is expanding its service areas with commissioning of new schemes coupled with increase in pay and allowances based on State Pay Commissions recommendations in every five years with corresponding increase in monthly pension as well payment of DCRG, Terminal Surrender, Commutation Value of pension and power charges to KSEB Ltd, have lead to the ever widening revenue deficit.

At the same time, Operation and Maintenance (O&M) cost recovery is poor owing to the low tariff structure which led to the ever widening revenue deficit. In other words, periodic hike in O&M, power charges, salary, etc. are regular on the expenditure side, the same is not the case on the income side, which is adversely affecting the effort for the organization to be self – sustainable. However all effort has been taken to optimize the functions with the available resources and manpower.

It is pertinent to note that once the project is completed and handed over to Executive Engineers of Division level Offices, all operation & maintenance costs are to be borne by KWA. Based on the last five year's income and expenditure of KWA, the cost of production works out to Rs.22.85/KL, against which the income is only Rs.10.92/KL. The gap between the average cost and average returns works out to Rs.11.93 per KL.

It is ascertained that about Six percentage of the total revenue expenditure of the authority goes to meet O&M expenses alone. This major expenses increase by 10-15% every year and there by widening the revenue -deficit of the Authority. The JalJeevan Mission (JJM) envisages 100% piped water supply to all rural households by 2024. The assets are expanding on a fast pace which will again result in doubling the maintenance cost. As the recurring expenditure and liabilities on the Authority are increasing on a large scale with expansion of services to meet the aspirations of the people and the Government, KWA finds very difficult run on a breakeven level despite initiating steps to improve efficiency and cost control.

It is pertinent to note that, from the formation of KWA, it is continuously running at deficit, which is made good to some extent by the Non-plan grant received from GoK. Due to continuous revenue deficit in the past, the total committed liability of the Authority as on 31.08.2023 towards the revenue expenditure is ₹2841.07 crore. The pending commitments are as follows;

PENDING COMMITMENT AS ON 31.03.2023

Capital Works.

Currently the KWA undertakes projects under various heads. Kerala Water Authority is an autonomous Authority constituted by the Government of Kerala for the development and regulation of water supply and wastewater collection and disposal in the State of Kerala. Kerala Water Authority provides water supply to nearly 2.47 crore people from the 914 Water Supply Schemes maintained by it, through 41.9 lakh connections and 1.53 lakh public taps in the State of Kerala. KWA has made remarkable progress in the rural and urban water supply sectors, commissioning various Water Supply Schemes implemented with the help of Central/State Government grants and Schemes (JJM, NABARD, State Plan, NRDWP, KIIFB, AMRUT etc.). Projects worth more than Rs.19,700 crores are in various stages of implementation. On completion of these projects 1,400 MLD (million litres per day) of water will be additionally available for distribution in the next 3 years.

No new projects have been sanctioned under KIIFB during the financial year 2022-23.

Under RKI head, five new works (Rs 101.43 Cr) have been sanctioned during the financial year 2022-23.

During the financial year 2022-23 no new projects were sanctioned under NRDWP.

During the financial year 2022-23 & 2023-24 (upto 31st Aug 2023) 4 new works have been sanctioned under AMRUT 1.0, amounting to Rs 24.98 Cr.

Above all, AMRUT II projects have been started during the financial year of 2022-23.

The main heads sanctioned under State Plan and the budget outlay in each head in 2022-23 is given as as **Annexure 1**.

A summary of projects being executed / works undertaken in the various above heads are given below.

State Plan Schemes.

Under State Plan an amount of Rs.71580 lakhs was provided as budget outlay during 2021-22 under various heads. For Jal Jeevan Mission (Centrally sponsored Schemes) the total outlay was Rs.800 crores with 50% sharing of Rs. 400 crores each by State and Central.

Details of State Plan works during the year 2022-23 is given as **Annexure 2.**

Survey and Investigation.

The aim of KWA is to supply water to all parts of Kerala. For this detailed surveys are to be conducted for preparing the shelf of projects. In the financial year 2022-23 an amount of Rs.110 lakhs has been allotted under this subhead for preparation of detailed project reports. During 2022-23, 15 works were completed, and a total expenditure of Rs.71.44 lakhs has been booked.

NABARD Assisted Rural Water Supply Schemes Rural Infrastructure Development Fund.

With the loan assistance from NABARD, KWA implement water supply schemes in the rural areas of Kerala. The summary of status of schemes sanctioned under various ongoing Tranches (XX to XXVII) is shown in the table below.

Year of Sanction	Name of Tranche	No. of Schemes	No. of completed schemes / dropped	Total Project Cost (Crore)
2016	XXII	6	5	57.26
2017	XXIII	3	1	85.55
2018	XXIV	4	1	165.52
2019	XXV	3	0	75.57
2021(AS for the financial year 2020)	XXVI	2	0	71.54
2021	XXVII	2	0	78.97
Total		20	12	534.34

The outlay for 2022-23 was Rs.80.00 crore. Out of the total 20 projects sanctioned, 08 projects are completed as on 31st March 2023. One project completed during the financial year 2023-24 as on 31st August 2022. It is expected that 8 projects will be commissioned in this financial year 2023-24.

Some important works such as Comprehensive Water Supply Scheme (CWSS) to Agali & adjoining Panchayats in Palakkad, WSS to Seethathode Pt. & Nilakkal Plappally area in Perunad Panchayat etc., WSS to Poovar Pts, WSS to Kulakada and WSS to Vithura Tholicode were sanctioned under NABARD. WSS to Muttam, Karimkunnam and Kudayathoor Panchayaths & WSS to Melila Panchayaths are the two major sanctioned schemes for the year 2020-2021 under Tranche XXVI and the same was obtained in 2021-22 due to Covid lockdown issues. WSS to Kunnathur Poruvazhi and Sooranadu North Panchayaths of Kunnathur Thaluk and Thazhava Thodiyur and Kulasekharapuram panchayaths of Karunagappalli Taluk in Kollam Dist & WSS to Mangattidam Zone III in Mangattidam Panchayath of Thalassery Taluk of Kannur District are the two major schemes sanctioned during the Financial Year 2021-2022. The scheme WSS to Mangattidam Zone III in Mangattidam Panchayath of Thalassery Taluk of Kannur District completed during this financial year.

Details of NABARD projects during the year 2022-23 are given as **Annexure 3.**

Manufacturing units for bottled water.

The aim of this project was to set up the bottled water plant at Thiruvananthapuram for providing good quality packaged/ bottled water through KWA at reasonable price to public. The total budget allocation for this head in the financial year 2022-23 was Rs.90 lakhs. The civil and mechanical works are completed. The bottled water plant has been handed over to KIIDC. Now the plant is operated and maintained by KIIDC.

Renovation of Existing Civil Structures owned by KWA.

The major aim of this head is to renovate the structures which are in damaged condition due to lack of timely repair, protection and renovation. Annual maintenance of various civil structures like office buildings, treatment plants, intake, water tanks, pump houses staff quarters etc are not being done for the past several years throughout the State due to lack of sufficient funds. So the maintenance of the civil structures is proposed to be done in a phased manner for protecting the assets created and to improve the quality of service. Construction of compound walls around the WTPs, KWA Offices and vacant plots to clearly demarcate the lands owned by KWA so as to prevent encroachment and ingress of anti-social elements is also taken up under this head.

The total budget allocation for this head in the financial year 2022-23 was Rs.500 lakhs. With this budget allocation, 28 works including maintenance of office buildings, guest houses, tanks, pump houses etc located in various districts has been completed in the FY 2023-24. Expenditure incurred during the financial year 2022-23 in this head is Rs. 185.53 lakhs.

Innovative technologies and modern management practices.

The major aim of this head is to improve the services delivery and quality by adoption of new technologies and modern management practices. Some issues which cannot be solved or optimized can be resolved or improved by practicing innovative ideas. By installation of automated networks, installing flow meters, smart meters etc. action for reduction in Non Revenue Water (NRW) could be taken up. The project envisages procurement of bulk meters at all major schemes and to integrate these with SCADA. This head also aims at procurement of leak detection equipments, automation of pump houses, use of dual media for augmentation of WTPs, efficiency study of pumps for improving energy efficiency in pumping etc thus ensuring increase in efficiency of the water supply schemes, reduction in wastage of treated water and increase in revenue.

The total budget allocation for this head in the financial year 2022-23 was Rs.100 lakhs. 14 works were completed which include the installation of solar panels in the roof top of KWA building, automation of pump houses, purchase of new and highly sophisticated, Installation of surveillance camera, flow meters etc. Expenditure incurred for the financial year 2022-23 is Rs.23.38 lakhs.

Human resource development, research & development and quality control.

The engineers and other staff need to be updated and equipped with modern Project Management practices and tools for the timely execution of large projects and subsequently maintain new high-tech systems. KWA is aspiring to be customer friendly, quality conscious, sustainable water utility and change management initiatives are underway. Continuous training is a key requirement to equip the entire cross section of KWA employees for the times ahead and to face challenges.

The total budget allocation for this head in the financial year 2022-23 is Rs.100 lakhs. 5730 officials were trained during 2022-23. Training Expenditure for 2022-23 is Rs.29,08,082. Plumbing license exam was also conducted.

Sewerage schemes of Kerala Water Authority.

Kerala Water Authority has the mandate for collection and disposal of waste water. The same has been carried out only in Thiruvananthapuram and in Kochi Corporations to some extent. As fund for taking up new projects

and to cover new areas are limited, presently the main activities taken up under this head include enhancement of undersized lines to the desired size, to repair damaged manholes so as to avoid overflow of sewage, to provide sewerage facility to areas by minor extensions where no other source of sewerage disposal system exist. In order to overcome the threat of environmental damages, adequate attention is essential for strengthening the existing sewerage system. The need for more focused attention in sewerage sector is essential. The fund required, public protest against sewage plants / pump houses, delay in getting land, sanctions for road cutting etc are some issues that has to be addressed for taking up sewerage projects. It is envisaged to take up new small scale projects taking 2 to 3 wards as a cluster and provide small decentralized treatment plants of various capacities to treat sewerage upto 20mld using latest technologies incorporating the reuse of treated effluent as specified by National Green Tribunal.

Maintenance and up gradation of the existing plant and sewerage network is also a necessity. The lack of sewerage system is causing serious issues to the water environment. It is high time that the sewage collection and disposal particularly in large cities is taken up seriously in the back drop of alarming degradation of water environment. For small schemes, land is to be made available and awareness is to be generated among the public regarding the necessity by the local bodies for sewerage/septage work to be taken up.

The total budget allocation for this head in the financial year 2022-23 was Rs.3005 lakhs. During 2022-23, 63 works were which includes replacing the old sewer lines, extension of sewerage network, rehabilitation of old manholes, construction of new manholes etc. The total expenditure for the financial year 2022-23 was Rs.928.37 lakhs.

Rehabilitation / Improvement works of urban water supply scheme.

The objective of the scheme is to achieve 100% coverage in urban areas. Taking up new schemes in uncovered ULBs and laying distribution systems in schemes where production components are completed.

The total budget allocation for this head in the financial year 2022-23 was Rs.4500 lakhs. During 2022-23, 5 works were completed and the total expenditure for the financial year 2022-23 made with the fund available was Rs.325.8 lakhs.

Rural Water Supply Schemes.

This head aims at improving the water supply to the rural households where many do not have access to safe drinking water through piped water supply. More emphasis has been given to improve the water supply coverage in rural areas with the launch of JalJeevan Mission which aims to provide piped water supply to all households by 2024. New rural schemes /completion of ongoing rural schemes, revamping of existing schemes are proposed under this head. An amount of Rs.1000 lakh was provided during 2022-23

During 2022-23, 9 No. of projects were completed. The total expenditure made with allotted fund for the financial year 2022-23 was Rs.432.33 lakhs

Water Supply Scheme to Specified institutions/locations.

This scheme is intended for providing uninterrupted water supply to some Specified Institutions / locations like Medical Colleges, Taluk Hospitals, District Hospitals, Rural schools and other educational institutions, water supply to Govt institutions like Civil Station compound, prisons, correction homes etc, This also aims at improving water supply schemes and providing sufficient quantity of drinking water to pilgrims visiting centers such as Sabarimala etc.

An amount of Rs.200 lakhs was provided during 2022-23. During 2022-23, 4 works were completed. The total expenditure made with allotted fund for the financial year 2022-23 was Rs. 71.27 lakhs

Optimization of Production and Transmission.

The main objective of the works taken up under this head is to optimize the output in the existing schemes. It is intended to ensure uninterrupted water supply, reduction of water loss due to leakage and breakage and

energy conservation. Main works executed include

- Renovation and capacity enhancement of old water treatment plants
- Reducing the distributional loss and to improve performance
- Replacement of old pipes including pumping mains and transmission mains of existing water supply schemes
- Prevent loss of water due to leakage and breakage in various components
- Energy conservation measures
- Rehabilitation of obsolete pumps, motors and Electrical Installations
- Provide pipeline extension to water stressed areas from existing WSS

An amount of Rs.5000 lakhs was provided during the year 2022-23. During the financial year 2022-23 114 works were completed which includes renovation of old water treatment plants, pipe replacement of existing Water Supply Schemes, pipe lines extensions, replacement of obsolete pumps, motors etc. The performances of the schemes were improved and the output was enhanced by such works. The total expenditure for the financial 2022-23 was Rs.1928.62 lakh.

Drinking water – Drought Mitigation.

Natural calamities like drought, flood, cyclone have become a recurring phenomenon in our State and every year the water supply infrastructure has to brace itself to face the fury of Mother Nature. Besides natural calamities, emergency situations of calamitous proportions like damages to properties in case of large diameter pipe bursts, damages to water supply installations, water supply to emergency relief camps during natural calamities are also to be taken up under this head. The water supply infrastructure being extremely critical and prone to large scale damages and contingent situations, need a separate head of account for meeting emergency expenses. Pipe line extensions to drought hit areas, additional pumping and capacity enhancement during drought period is also included.

KWA faces shortage of tanker lorries to supply water in emergency situations causing difficulty in overcoming the water demand during emergency times. Non availability of water tankers for emergency service surfaced even during the recent floods in Kerala. Hence tanker lorries also need to be procured for use in emergency situations.

An amount of Rs.1000 lakhs was provided in the year 2022-23 for this head and an expenditure of Rs.627.15lakhs has been made for the year 2022-23. During the year 2022-23, 286 no.of works were given Administrative sanction and 85 works were completed.

Details of Draught Related Works is added as **Annexure 4**.

Modernization of Aruvikkara pumping station.

Modernization of Aruvikkara is a prime project to meet the increasing demand of water supply to Thiruvananthapuram city. The major works in modernization aims to replace the old and damaged pumps, motors, civil, electrical and mechanical installations in the Water Treatment plants, Pump houses and substations at 86MLD campus, Chithirakkunnu, Aruvikkara.

The budget allocation for the financial year 2022-23 is Rs.100 lakhs and was allotted for settling the bills. The expenditure made for the year 2022-23 is Rs. 4.28 lakhs

Source improvement and water conservation.

The objective of works undertaken in this head is to ensure that sufficient water is available in the source in summer / drought season, enhancement of storage capacity at water sources and thereby improving scheme

efficiency so as to bridge the seasonal variations in water level. During the period many works for strengthening the source and increasing the storage capacity were done which mainly include construction of check dams and regulators. The improvement works of tube wells, open wells, infiltration gallery, leading channel etc are to be carried out. Protection works to reservoirs, side protection of weirs, check dams are to be provided and repairs to the existing structures are to be done. By this activity, the water stress in summer could be mitigated to a large extent.

An amount of Rs.200 lakhs was provided in the year 2022-23 for this head and an expenditure of Rs18.4 lakhs has been made for the year 2022-23 During the year 2022-23,7 works have been completed.

Energy efficiency improvement, Optimization of electromechanical items, Safety audit and ensuring, safety in operation of WTPs and Pumphouses (4215-01-800-87).

Energy conservation measures and rehabilitation of obsolete pumps and motors and other electrical installations to increase the power efficiency are also envisaged under this head. Annual power charges and the power consumption of KWA can be reduced by installing static capacitors and by replacing old and inefficient electrical and mechanical machinery and converting deemed connections to HT(High Tension) connections.

Pump houses and water treatment plants are vital infrastructure for ensuring human and environmental health. They play a crucial role in providing society with clean, safe water. As time goes on, environmental and health safety concerns become increasingly important. Workplace hazards are frequently the cause of work accidents and occupational diseases. Occupational safety and health hazards are often overlooked by the water sector, but recent accidents demonstrate the need to prioritise safety. Defects in operation, structural instability, chemical exposure, and work fatigue are all potential risks. Some of these difficulties have the potential to have a direct impact on human life, both for the personnel involved in the operation as well as the general public.

ISO certifications for plants require modern practices involving proper attire and safety equipments. Downtime can be reduced, efficiency can be improved when electrical equipments are attended to with protective gear at the first sight of trouble rather than switching off the entire system. As an effort to increase the safety, Personal Protection Equipments are to be procured and provided to workplaces, so that precious life can be saved and safety aspect and its importance in workplaces are highlighted. Installation of CCTV cameras in WTPs and pumphouses of KWA are also proposed to ensure safety.

An amount of Rs.500 lakhs was provided in the year 2022-23 for this head and an expenditure of Rs.61.42 lakhs has been made for the year 2022-23 During the year 2022-23,14 have been completed.

Works for the prevention of river pollution and creating awareness for the compliance of NGT direction (2215-02-106-97).

National Green Tribunal (NGT) while considering various OAs related to pollution of river stretches and coastal regions has ordered that the State shall ensure that various measures are taken to prevent the pollution of river stretches and coastal areas on priority basis and within specified time limit. One of the directions is to ensure 100% treatment of sewage at least to the extent of in-situ remediation. STPs are to be setup at feasible locations and treatment of sewage to be ensured. While that 100% sewerage network and STPs can only be executed in a phased manner, decentralised STPs and FSTPs can be setup as first phase. NGT has also ordered for reuse of treated water from STPs which mandates tertiary treatment plants and recycling plants. Being the agency for ensuring sewerage services and to cope up with the emerging need of sewage management as per the orders of NGT, KWA has created a separate vertical wing for exclusive sewerage works across the State. Preliminary works has already been started. Survey, Investigation and Preparation of DERs works are to be taken up as per NGT directions. Protecting the river source area by proving proper fencing is also envisaged.

It is also proposed to conduct awareness programmes through public gatherings, posters, awareness

advertisements in print and visual media regarding the importance of maintaining the water quality of rivers as per standards. Maximum 10 % can be utilised for adaptive research

An amount of Rs.250 lakhs was provided in the year 2022-23 for this head and an expenditure of Rs.77.69 lakhs has been made for the year 2022-23 During the year 2022-23,9 works have been completed.

Infrastructure development and surveillance activities under Quality Control Wing of KWA(4215-01-800-86).

Surveillance and monitoring of the quality of water supplied through various water supply schemes is being carried out by the Quality Control Wing of KWA by conducting analysis of water samples taken at stipulated frequency through an effective three- tier inspection system up to the level of Executive Engineers. The quality of water in river sources, wells, private samples etc are also been tested in the labs under the Quality Control Wing. In addition, quality certification of chemicals used in water treatment is also done in the Kerala Water Authority has a well established system for monitoring water quality through a network of laboratories at various levels. Apart from the State lab and 14 district labs, 70 sub district laboratories established under erstwhile NRDWP/JJM are also functioning in the state for testing private water sources in rural habitations. The State Lab, State Referral Institute for Water Quality (SRI), Nettoor, Ernakulam, which was set up in 2009 is the apex body for water quality monitoring and surveillance activities. The State lab has got NABL (National Accreditation Board for Laboratories) accreditation in 2017. There is facility for heavy metal analysis using Atomic Absorption Spectrophotometer (AAS) and pesticides analysis using Gas Chromatograph in addition to the physical-chemical and bacteriological parameters being tested in district labs. All the 14 districts have district level laboratories and have obtained NABL accreditation.

An amount of Rs.300 lakhs was provided in the year 2022-23 for this head and an expenditure of Rs.12.45 lakhs has been made for the year 2022-23.

ADB Assisted Kerala Urban Water Supply Improvement Project – KUWSIP (EAP).

Kerala Water Authority submitted a proposal “Kerala Urban Water Services Improvement Project” for implementing 24 x 7 Water Supply System in the cities of Thiruvananthapuram, Kochi and Kozhikode for an amount of Rs. 2423 Crores to GoK on 19.06.2017 with loan assistance from ADB. Based on the decision taken in the meeting held on 15.07.2019 between the Government of Kerala and ADB, considering budgetary constraints, the project was limited to the cities of Thiruvananthapuram and Kochi only. The objectives of the project are:

- to provide equitable and continuous pressurized water supply to all customers including urban poor and vulnerable communities.
- to reduce non-revenue water losses to less than 20% in accordance with the national service level benchmark and
- to progressively achieve financial and service sustainability

The Government of Kerala recommended the proposal to the Department of Economic Affairs (DEA), Govt. of India, for approval on 22.11.2017. The Screening Committee of DEA in its 78th meeting held on 19.12.2017 approved the above project proposal for financial assistance of US\$ 250 Million in two tranches of US\$125 Million each (Rs. 875 Crores) from the Asian Development Bank.

Kerala Water Authority submitted the KUWSIP proposal to the Government of Kerala with loan assistance from ADB to the tune of Rs. 2511 Crores on a 70:30 cost-sharing basis and GoK accorded Administrative Sanction vide G.O.(Ms) No.13/2020/WRD dated 07.02.2020 for a total outlay of Rs. 2511 Crores. The Water Resources Department, GoK will be the executing agency and the Kerala Water Authority is the implementing agency for the proposed project.

The main outputs proposed under the project are as follows.

No.	Outputs	Activities
1	Climate-resilient water supply system improved	a.Rehabilitation and upgrade of five existing WTPs (cumulative capacity of 325 MLD), and 18 water pumping stations in Kochi
		b.Construction of a new 190 MLD WTP through a design, build and operate contract.
		c.Improvement of the water distribution system in Kochi through an operate-design-build-operate modality.
2	Institutional capacity of KWA for service delivery improved	d. (i) Improvement of billing and collection system; (ii) development of a GIS-based maintenance management system; (iii) upgrade of the laboratory information system.
		e. Capacity building and training on water supply services including NRW control, water safety planning, smart water management, and efficient O&M of WTPs and pumping stations.
		f. Awareness rising of communities and school children.
		g. Development of standard operating procedures and training in O&M and procurement and contract management.

As per the requirements of the framework informed by the ADB, various Committees (Steering Committee at the District level, State Level Empowered Committee and Apex Committee) at the Government level have also been constituted on 21.04.2020 vide G.O (M.S) No.31/2020/WRD for the monitoring and effective implementation of the project activities. Consequent to COVID-19 pandemic situation, the project activities were hampered severely.

Request for Proposal (RFP) for the selection of consultant for LISU was invited from the 8 shortlisted firms by issuing letter of invitation dated 23/11/2022. Out of 08 (Eight) numbers of shortlisted firms, only 7 number of firms have submitted their proposal. The technical evaluation of RFPs has been submitted to ADB and a No Objection Letter for the evaluation of Technical Proposals has been received from ADB.

Invitation of Bids for Kochi Distribution Package (Water Supply System Operations and Maintenance and System Upgrades in Kochi) was released on 08/02/2023.

Enterprise Resource Planning (ERP), E-governance, GIS and information Management- FY 2022-23.

Kerala Water Authority during 2022-23 stepped into major milestones in the IT roadmap of the organization. The remarkable achievements are briefed below.

During 2022-23, Kerala Water Authority moved fast forward in e-Governance/GIS and Information Management. Several IT initiatives have taken up by IT Wing during this period. During 2022-23 Kerala Water Authority moved fast forward with JJM Project. Through JJM Project around 5.3 lakh new connections from rural area are added to e-Abacus software. To achieve this JJM mobile application is being used by KWA field staffs to provide connections and to do data entry of new connection for billing software (e-Abacus) at connection site itself. In this application Administrative sanction details, Technical sanction details, Scheme Details, Component Details, Tender details , Risk Details and Physical and Financial (Bills) progress details for each work, package of concerned division etc are included. All the JJM projects which are being executed by KWA, Ground water and Jalanidhi can be tracked from Administrative sanction to completion through this

application. This application is used for the weekly review of the Projects at scheme level. This application helps the management in monitoring the flagship project JJM which is being executed in a mission mode.

Implementation of Central govt initiative “Ease of doing business” has been successfully completed and all items in the business reform action plan has been incorporated in Kerala Water Authority. Making the department entrepreneur friendly, application for water supply for industrial and non domestic purpose has been integrated with kswift- state portal of KSIDC.

Performance as on 31.03.2023 for the year 2022-23.

- In water and sewerage connection application (Etap), new modules have been added.
- The existing Consumer complaint redressal system – AQUALOOM used for registering Complaints has been revamped to include the complete workflow from registering to status check facility. By using this system, fast action and solution on complaints are achieved. More than two lakhs complaints received in AQUALOOM so far. From this, 95% complaints has been resolved. KWA started SMS Alert Service intimating the bill information from the billing system e-Abacus. KWA is also intimating the bill information via SMS to the registered phone number along with the consumer number. Call drop details in 24x7 aqualoomcentre and Pending Water Leak status and Water shortage status section wise displayed in the service dashboard of consumers corner.(DDFS)has been rolled out to all Offices of KWA
- E-office has been rolled out in Headoffice of KWA
- Project monitoring tool (PASK), HR management system (MARCH) and O&M management systems deployed are continuously updated and upgraded to meet the new requirements. Project Monitoring system (PASK) to track the progress of its various projects and ensure their timely completion. KWA introduced PASK for monitoring the physical and financial progress of all the projects in a day to day basis. PASK is designed to collect and analyse data on various aspects of each project, including its schedule, Budget Quality and performance. It also provides tools for risk management and issue tracking, allowing KWA to identify and address problem as they arise. Key feature is its project dashboard which provides real time information of the status of the project, visualization and charts allowing stake holders to quickly understand the project’s progress and identifying the potential issues. Includes regular progress reports which are sent to stake holders to keep them informed of the project’s status. PASK has helped to improve the efficiency and effectiveness of the project management. All the 2475 ongoing projects can be tracked and the progress be monitored on a day to day basis. Any issue/risk identified can be addressed without any delay which enables the faster execution of the project.
- MARCH system provides close monitoring of HR attendance and rates, providing stakeholders with a clear idea of the number of HR personnel deployed in each scheme or office. Data is also useful in calculating the profitability of the schemes and in reducing unnecessary HR expenditure, thereby increasing the efficiency of manpower usage in schemes. MARCH system is an effective solution for managing and monitoring HR activities across KWA’s operations.
- O&M system provides an effective solution for managing and monitoring of operation and maintenance activities across various schemes. The system allows creation of Incident reports and allows the linking of IRS with field complaints, further improving the efficiency of the process. Detailed information for each IR is captured within the system, making it easy to track progress and identify areas for improvement. O&M expenses can be tracked at field office level. Areas with major issues can be identified and the same can be addressed so as to bring down the O&M expenses and to facilitate preventive maintenance.
- KWA launched its revamped Website during 2022-23. Although KWA website is having so many information, data is not arranged properly and getting a feel of crowded information. KWA launched its revamped website into a new state of art by modifying its look, feel and framework. The revamped website is an initiative to make all information about Kerala Water Authority transparent and available to public, provides a vast database of information on the Authority’s service areas, schemes, various divisions, financial status, staff information, and various areas, schemes, various other aspects. Now citizens / customers / employees/ pensioners/contractors and every walk of users can get their relevant information by few clicks from the home page.
- KWA developed GIS based optimal site selection system to help select the most suitable site for sewerage treatment plants. KWA moved more forward in GIS application by plotting more aspects to GIS map of KWA and which very helpful in data analysis and decision making.

- KWA has digitalised an online platform for Processing BPL application to BPL consumers. This has reduced the need for physical submission of application and thus changed the age old system of long Queues of consumers at the KWA offices. In this online mechanism for registering BPL Connection, people can register in online portal using Ration card and Consumer ID.
- KWA's Quick pay online system is revamped to the state of art of utility payment portal. KWA is now intimating the bill information via SMS to the registered phone number along with the consumer number. The receipt information will be send to the registered phone number of the consumer via SMS at the time of the payment. The security is also improved and till date no intrusions were happened in the site. Lot of features like advance payment, any amount payment, installment payment, service charge payment etcare added to the portal. More payment gateways are integrated. More consumers were added to online payment and Online payment statistics displayed in the Dashboard.
- In the current system of E-TAPP, an online system for apply drinking water connection and sewer connection, has added consumer services like meter replacement, Category change, disconnection, reconnection, meter testing, Ownership Change, The solution was an online platform for processing consumer services and for processing online payment as well. A potential applicant can check the status of the application any time. This ensures that the consumer services are granted in a transparent manner. There will be SMS alert on each step of application process. Field visit and report are recorded online. The applicants can verify the status of the application through e-tapp. In the E-TAPP system, it is possible to upload necessary documents photographed or scanned. More than 2 Lakhs consumer services has been completed. Certain enhancements in e-tapp like integrating e-tapp with K-SWIFT with an API for fetching the water connection. application from K-SWIFT and giving the same to the work flow of e-tapp and return the status to K-SWIFT. Summary of Water, Sewerage and service status can be viewed on State Government Dash Board and KWA Dash Board.
- KWA has developed an online system for Plumbers Licence Exam Module for issue of the application and processing of application. All the processes like application invitation, processing, selection/ Rejection of candidates, intimation through mobile for PLE class, theory and practical exam date intimated through this application.
- K_METER APP has been developed for KWA meter readers. It enables the meter reader to send readings instantly to the server using a mobile phone, get bills through SMS and consumers can pay instant bill at the spot itself. Location information can also be stored by uploading the photo of the dial of the meter. By this, the billing system changing from bimonthly billing system to date to date billing system. Digitally calculated bill along with QR code for easy payment and Geotagged time stamped photographs of the meter is taken enabling the meter reader to take more reading with more accuracy. Testing of k-meter has been completed and pilot implementations done in three sections of Palayam, Pattoor and Thodupuzha.
- Kerala Water Authority mapped all non domestic and industrial consumers with VAN number (Virtual Account Number) for simplification of account to account transfer of water charges using RTGS, IMPS, NEFT.
- FAMS is a financial solution intended to manage KWA Finance and Accounts. FAMS aims to provide a good picture of KWA finances by means of various analytical graphs and trend lines. It is a back-end MIS analysis tool and is also an accounting software specifically designed for KWA. FAMS is fully owned by Kerala Water Authority.
- Vistaar is a complete internet banking suite offered by SBI for large and very large corporations, Government organisations and Institutions. This provides access to multiple users to accounts across various branches. By the use of this facility KWA can give discretionary access to the accounts and discretionary financial rights to their users.
- 'State Bank Collect' facilitates KWA to receive online payments from its offices. Offices making payments have to just click on 'State Bank Collect' and choose KWA, fill up particulars of which payment has to be made and make the payment as cash at nearest SBI Branch.
- KWA has enhanced its infrastructure by hosting its applications to state data centre cloud. Security auditing is being done for all the recently developed applications.
- During 2022-23, Network connectivity has been revamped. KWA established K-FON and railtel connectivity, revamped internal network and enhanced speed. Infrastructure development for video conferencing and online

presentation at Head office implemented. Various applications are security audited and moved to SDC which improved the Quality of the service.

- Quickpay facility has been modified by providing more payment gateways. As a part of the kerala Government initiative to go green, KWA has implemented the Green bill scheme by which the need for physical bill has been massively reduced.

JICA Assisted Kerala Water Supply Project.

JICA Assisted Kerala Water Supply Project envisages the implementation of five water supply schemes in Thiruvananthapuram, Meenad, Cherthala, Kozhikkode and Pattuvam for a total estimated cost of Rs.1787.45 crores. As per G.O. (RT) No. 751/2003/WRD dated 19.06.2003, Government of Kerala approved the proposal for awarding the Consultancy contract for the implementation of the JBIC aided Kerala Water Supply Project to the TEC Consortium. The Consultants have commenced the Consultancy service from 1st September 2003. The project cost have been subsequently revised to Rs. 2987.40 crores vide G.O. (RT) No. 1175/09/WRD dated 20.10.2009. By commissioning the above 5 schemes under JICA, the production has been enhanced by 516 mld. It benefits a population of about 41 lakhs in the scheme areas in the 5 districts viz- Thiruvananthapuram, Kollam, Alappuzha, Kozhikkode and Kannur in 2036. The details are given below.

Scheme	Water Treatment Plant capacity (MLD)	Envisaged total population benefitted on completion (in lakhs)	Benefitted area
Thiruvananthapuram	74	10.7	Thiruvananthapuram Corporation
Meenad	71	5.26	Paravoor Municipality and 13 Panchayath
Cherthala	107	6.53	Cherthala Municipality and 18 Panchayath
Kozhikkode	174	13.03	Kozhikkode city and 13 Panchayaths
Pattuvam	90	5.3	Thaliparamba Municipality and 11 Panchayaths
TOTAL	516	40.82	

All the five projects have been commissioned and water supply is effected to the beneficiaries. The distribution networks envisaged for Trivandrum, Cherthala and Pattuvam have been completely laid. The rehabilitation works of two WTPs at Thiruvananthapuram also completed. For Kozhikkode scheme and Meenad Schemes, all components except part of distribution system have been completed and schemes partially commissioned.

The distribution works of Kozhikkode Scheme were closed as on 31.03.2020 and distribution works in Meenad Scheme was closed as on 23.04.2021, as per decision of KWA Board held on 03.01.2020. The balance distribution lines in Kozhikkode and Meenad Schemes are being arranged through JalJeevan Mission. Institutional

Strengthening activities mainly comprise construction of Central Control Unit building, installation of bulk flow meters, ERP activities, Asset Management etc. The construction of 10 storied Central Control Unit building has been completed. The installation of bulk flow meters and Asset Mapping works were also closed. The ERP work is being arranged through IT Wing of KWA as per Board Resolution No.10509 dated 07.04.2017.

As the JICA loan has expired as on 27.07.2015, and the Consultancy contract was closed with effect from 31.03.2016, budget provision had to be allocated under State Government funding for the balance amount required for completing the project in all respects.

An amount of Rs. 75 crore has been allocated under State Plan for the financial year 2018-19. Out of 75 crore, Rs. 19.93 crore was utilized. A Budget provision of Rs 75 crore is provided for 2019-20 and Rs. 24.47 crore was utilized. A Budget provision of Rs 10 crore is provided for 2020-21 for the completion of balance works under this project and Rs. 5.83 crore was utilized. A Budget provision of Rs. 7.50 crores is provided for 2021-22 and Rs. 3.61 crores is utilized. A Budget provision of Rs. 5 crores is provided for 2022-23 and Rs. 89.38 lakh was utilized. A Budget provision of Rs. 5 crores is provided for 2023-24 and Rs. 62.93 lakh is utilized till 31.08.2023 and balance amount of Rs. 4.37 crores will be utilized by March 2024.

National Rural Drinking Water Programme (NRDWP).

Government of India launched JalJeevan Mission (JJM) on 15.08.2019 subsuming NRDWP. Hence there was no separate allocation under NRDWP. During the year 2022-23, the expenditure towards the ongoing schemes under NRDWP was met from JJM allocation. During the year 2022-23, 1 NRDWP scheme was completed (WSS to Harippad & Adj. Panchayats).

Details of NRDWP related Works is added as **Annexure 5**.

(i) Jal Jeevan Mission (JJM).

Government of India launched JalJeevan Mission (JJM) on August 2019 subsuming National Rural Drinking Water Programme (NRDWP). JalJeevan Mission (JJM) is envisioned to provide safe and adequate drinking water through individual Functional Household Tap Connections (FHTC) by 2024 to all households in rural India. This project is being implemented on 50:50 cost sharing basis between Central and State. The implementation of JJM started in Kerala in 2020-21 (October 2020). At that time, less than 25% rural households of the State had piped water connections. Out of the 70.69 lakh rural households, 17.5 lakh households were having piped water connection as on 1/4/2020. During the year 2021-22, 2021-2022, 2022-2023 Administrative sanction was issued for 5334736 FHTCs for an amount of Rs. 40694.19 crores including water quality and the support activities. The FHTCs provides till date (12/09/2023) under JJM is 17947721. For the year 2022-23 State had received an amount of Rs. 1353.44 crore from the Government of India being the release of JJM as central share. Out of the above, Rs. 957.44 crore had been utilized from central share including the OB. The total fund utilized under JJM including the State matching share for the year 2022-23 was Rs. 2017.01 crore. During the year 2022-23 State had provided 5,28,566 rural household connections under JJM.

(ii) Support Activities.

5% of the JJM fund is provided for support Activities. The funding pattern of support activity is 60:40 between Central and State. Under support activities, training, MIS, Third Party Inspection, IEC activities etc. were taken up. During the year 2022-23, an amount of Rs. 34.67 crore was utilised being the Central share and cumulative expenditure for the Support Activities was Rs. 57.82 crore including the State share.

(iii) Water Quality Monitoring and Surveillance Programme (WQM&SP).

2% of the JJM fund is provided for Water Quality Monitoring and Surveillance Programme (WQM&SP). Under WQM & SP water quality monitoring of drinking water sources, formation and modernization of water quality testing labs, water quality test using Field Test Kit (Water), obtaining NABL accreditation to the labs etc. are taken up. The funding pattern is 60:40 between Central and State. During the year 2022-23 an amount of Rs.

26.04 crore had been utilized being the Central share for the above programme. The cumulative expenditure including the State share under WQM & SP for the year 2022-23 was Rs. 43.44 crore.

NITI Ayog.

NITI Ayog has allotted Rs.19.73 crore to Kerala for providing interim water supply to 73 Fluoride affected habitations in the state as one time additional (OTA) central assistance. It is envisaged to ensure 8 to 10 lpcd safe drinking water by installing Community Water Purification Plants (CWPP) in the Fluoride / Arsenic affected habitations as an interim measure. In Kerala there are no Arsenic affected habitations.

Kerala water Authority has proposed R.O Plants and feasible pipeline extension from nearby safe sources in the affected habitations utilising NITI Ayog allocation. Accordingly, Kerala Water Authority has provided safe water on a permanent basis in 68 Fluoride affected habitations by providing pipeline extension from treated sources. As per the status as on 31.03.2023, 5 Fluoride affected habitations are remaining to be covered. The works for covering the remaining fluoride affected habitations including Functional household tap connections are in progress.

Works under other heads.

In addition to above, KWA executes projects under KIIFB and AMRUT also. Most of the works taken up under JNNURM and UIDSSMT with Gol funds earlier has almost been commissioned. The JICA loan assistance has also been closed. More allotment from the State is required for commissioning the projects as per schedule, as fund flow in projects is affecting the progress.

The works being undertaken other than State Plan schemes are KIIFB, AMRUT, UIDSSMT, JNNURM& RKI. In addition KWA also executes water supply projects of various departments as deposit works. A brief note on works under taken in the above heads are given below.

Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT).

Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT) was launched for improvement in urban infrastructure including water supply in towns and cities in a planned manner. The implementation of the scheme is done by the respective Urban Local Bodies (ULB) – Municipalities for which the funds will be released to Urban Local bodies according to requirement. In order to execute the projects smoothly a Tri-partite agreement is signed between the respective Municipality, Kerala Water Authority, and Department of LSGD. As per this MOU a city level Technical Advisory Group is formed for respective Municipalities. Funding pattern is Central: 80%, State 10% and ULB 10%.

Jawaharlal Nehru National Urban Renewal Mission (JNNURM) Projects.

Government had accorded sanction for projects in water supply and sewerage sector for Thiruvananthapuram and Kochi Corporations of Kerala under JNNURM. In order to execute the projects a Tri-partite agreement between the respective Corporation, Kerala Water Authority (KWA), Department of LSGD was signed on 01/11/07. The implementation of the scheme is done by KWA on behalf of the respective Urban Local Bodies (ULB), for which the funds will be released to ULBs according to requirement. A city level Technical Advisory Group was formed for both Corporations.

The JNNURM water supply project in Kochi has been commissioned and in Thiruvananthapuram the work has almost been completed. The ADB assisted sewerage works being executed in Kollam, Kozhikode, Kochi and Thiruvananthapuram has not been completed and the funding agency has withdrawn from the project. As the schemes have not been commissioned fully and the funding agency has withdrawn / wind up, it is necessary to evolve procedure for future course of actions. For solving the pending issues in connection with JNNURM, UIDSSMT and KSUDP works a State Level Technical Committee (SLTC) was constituted. Initially it was convened by State Mission Management Unit (SMMU). Now the Committee is convened under Kerala Water Authority, Technical Member as Chairman. For solving the pending issues different meetings were done and a State Level High Powered Steering Committee (SHPS) was also constituted at Govt. level chaired by the Chief Secretary.

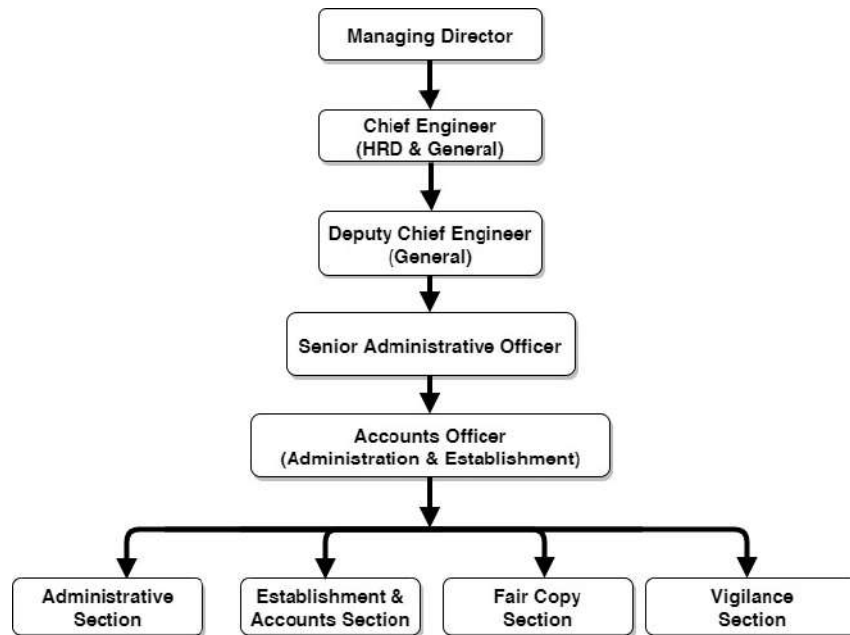

Deposit works.

Under decentralized planning Kerala Water Authority undertakes deposit works from local bodies and other departments. Most of these works are line extension proposals and mini schemes. KWA also execute works based on the funds received from Kerala State Coastal Area Development Corporation, Minority Department, SC / ST departments, MLA-ADS fund, MP fund and other agencies for supplying water to more areas and benefiting more population.

Details of district wise deposit works (Completed) is given as **Annexure 9**.

District wise category of Schemes in Operation is given as **Annexure 10**.

Administrative wing were engaged with the implementation and upgradation of the following.

1. All service and salary matters related to employees were fully processed through G-Spark and actively took part in the modifications and refinement of G-Spark from time to time.
2. Confidential report through paper is fully avoided throughout the state. Confidential reports are made by e-CR and they were also deployed using the GSCORE software of Finance, IT Division, Government of Kerala for managing the confidential reports of officers. Promotions were made for them wholly through this system.
3. As digitization of files is necessary, Digital Document Filing System (DDFS) was rolled out to all offices of KWA across the state, but as a part of the administrative decision to strengthen the file processing system without further financial cost to the authority, the decision was taken to implement E-Office. Necessary training was also provided to the staff and the file system in Head Office was fully updated to E-Office.
4. As a part of digitizing the PF activities online, steps have been taken to introduce GAIN PF and the trials are currently being going on.
5. Trial run for GPRISM, the online pension book system was completed. It is likely to be fully implemented by financial year 2023-24.

Medical Facility to Employees of KWA:

- As per the SRO No.334/86, Notification No.50329/F2/84/LAD dtd 27th December 1985, Government of Kerala Published the rules for reimbursement of medical expenditure in respect of employees of Kerala Water and Waste Water Authority Employees(Reimbursement of Medical Expenditure)Rules 1985.
- In this rule, it is provided one month salary drawn by the employee as OP treatment which can be reimbursed to an employee during the calendar year except in the case of hospitalization and also provided reimbursement of medical claim as special sanction in case of prolonged medical treatment involving hospitalization with a limit of Rs.10,000/-. More than the same shall be considered by Government sanction from time to time from 1985.
- As per G.O.(P) No.58/2012/Fin dated 19.01.2012,(9th pay revision effected for Kerala Water Authority), Pay revision Committee recommended that the existing medical reimbursement facility will be continued till a Health insurance scheme for employees is evolved. Also the special sanction limit of Rs.10,000/- to Managing Director for sanction of Medical Reimbursement claim was enhanced to Rs. 50,000/- .
- Accordingly, the Authority Board in its 369th meeting held on 21.02.2014 has resolved vide resolution no. 9783 to accept the proposal of Group Health Insurance policy to the employees in Kerala Water Authority for one year by way of deducting the 50% of Medical OP Claim (BP +DA) admissible to the employee. It has also been decided to

give balance 50% of Basic Pay + DA, admissible to the employees of Kerala Water Authority as OP treatment claim.

- Accordingly, the Group Health Insurance Policy for the employees of Kerala Water Authority had started in the year 2014 and is still continuing. In order to safeguard the health of the employees as well as their entire eligible dependents, Kerala Water Authority has adopted the family floater Tailor made policy, which includes the employee, their spouse, Children & parents; in the absence of parents their corresponding in-laws can be joined in the policy. Initially the sum insured facility was for an amount of Rs.2,00,000/-. Consequent to the request of employees organizations, the next year onwards the sum insured facility was enhanced to Rs.3,00,000. An employee can avail a maximum amount for Rs. 3,00,000/- as cashless facility every year for their IP treatment from this Medical Insurance Scheme. All most all the important hospitals in Kerala are empanelled under this scheme. If a hospital is not empanelled, the employee can avail the facility of medical reimbursement of their IP treatment from the insurance company. M/s FHPL is the third party insurance which co-ordinate all these activities.
- Every year by inviting quotation from the Major Public sector insurance companies, Kerala Water Authority is implementing this scheme. The scheme is for one year which renews on 16th April of every year.
- Before inviting quotation, all major trade unions are invited for discussion and also after accepting the lowest quoted rate again opinions are collected from the trade unions for negotiation with the company for reducing their quoted premium. Subsequently, selected company and representative of all major trade unions are also invited for negotiation. On successful negotiation, an order will be issued to the selected company along with six months premium in advance towards the 1st installment. The second and final installment with GST will be paid to the company not later than on the last day of the sixth month from the date of commencement of the policy.
- An amount of Rupees One Crore (Rs.1,00,00,000/-)is also earmarked for every year by the insurance company for critical diseases as buffer amount for those employees/ dependents who exceeds the limit of rupees three Lakh.

Group Health Insurance Scheme to Pensioners:

- As per G.O.(P) No.9/2016/Fin dated 20.01.2016,(10th pay revision effected for Kerala Water Authority), Pay revision Committee recommended that a medical insurance scheme will be introduced to pensioners/family pensioners.

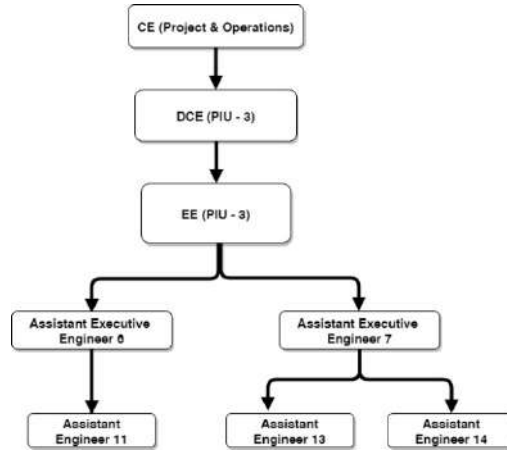

- Kerala Water Authority(KWA) is providing medical insurance coverage to all its employees covering spouse, children & parents. The pensioners organizations in KWA have represented for introduction of such a scheme to pensioners also, as implemented to the regular employees of KWA.
- Hence it was suggested to formulate a Medical insurance scheme for the pensioners and the scheme was discussed with all pensioners organizations and other stake holders and consent has been obtained from the pensioners for joining the scheme.
- In the case of employees of Kerala Water Authority, the premium of the scheme is paid from the funds kept for medical reimbursement (one month salary per year) to the employees. However, in the case of pensioners no such funds are available for premium payment. Hence it was proposed that premium shall be recovered from their respective monthly pension.
- Accordingly competitive quotations were invited from all major public sector insurance companies for floater sum insured of Rs. 2,00,000/- for the pensioners including their spouse and their physically challenged children if any.
- The minimum rate quoted firm were called for negotiation. Though protracted negotiations were held with the insurance company to have a monthly premium for the pensioners insurance scheme, the insurance company had cited its inability for the same due to their internal procedural regulations. Hence on humanitarian grounds it was proposed that the Kerala Water Authority shall release six month premium as advance to the insurance company for starting the scheme which shall be recovered from the monthly pension of pensioners who are joining in the scheme.
- The KWA board in its meeting held on 17th December 2015 has discussed the matter in detail and decided to seek the approval of Govt to implement the scheme.
- Accordingly KWA had requested the Government to consider the proposal and to accord sanction for implementing the scheme and to release six months premium as advance amount to the insurance company.
- Vide G.O(Rt) No. 169/2016/WRD dtd 20.02.2016 Government had accorded sanction to implement the Health Insurance scheme to the Pensioners of Kerala Water Authority on condition that no amount on account of this scheme will be met by the State Government and also accorded to the Managing Director , Kerala Water authority to release the six month premium in advance to the insurance company from its own fund on condition that the responsibility to recover the amount from the pension of the pensioners shall be vested with the Managing Director, Kerala Water Authority.
- Accordingly the insurance premium amount is recovered from the pension of the pensioners in equal installments.
- The scheme is for one year and which renews on 1st April of every year.
- Thus Kerala Water Authority is the first institution in the State and probably in India to start such a welfare initiative for the pensioners.

What is JICA and KWSP?

The Government of India received an Overseas Development Assistance (ODA) loan from the Japan International Cooperation Agency (JICA) during 1996-97 towards the implementation of the Kerala Water Supply Project (KWSP) in the state of Kerala.

JICA is part of Japan's official development assistance effort, with a role in providing technical cooperation, capital grants and yen loans. JICA's core development programs (aid modalities) are technical assistance programs/ projects for capacity and institutional development, feasibility studies and master plans.

JICA was first known as OECD (Overseas Economic Co-operation and Development) and then as JBIC (Japan Bank for International Co-operation).

Objective of this project?

The JICA Assisted Kerala Water Supply Project mainly comprised a package of five stand-alone Water Supply Schemes in the State of Kerala. The project is targeted to ensure drinking water supply to about 4.1 million population. The main objective of the project was to Construct, Augment and Rehabilitate the water supply systems of:

Thiruvananthapuram city region

Meenad (1 municipality and adjoining 13 Panchayats in Kollam Dist.)

Cherthala municipality and adjoining 18 Panchayats (Alappuzha Dist.)

Kozhikode city region and adjoining 16 Panchayats

Pattuvam (1 municipality and adjoining 11 Panchayats in Kannur Dist.)

The project was targeted to provide drinking water supply to about 41 lakh population in the 5 districts of Kerala. In addition, the project included a number of components for Institutional Strengthening of Kerala Water Authority. The installed capacity of all the schemes put together comes to 516 MLD. There are 76 new Ground Level and Over Head Service reservoirs in the five schemes with an overall storage capacity of 232.96 million litres. Total length of raw water and clear water mains is 442 km and length of distribution main envisaged was 4490 km with additional strengthening proposed later utilizing other funds.

In accordance with the Loan Agreement, M/s. Tokyo Engineering Consultants' Consortium (TECC), Japan, was appointed during June 2003 as the Project Management Consultants for the implementation of the project, following JICA guidelines. TECC consisted of a consortium of 5 companies, namely, Tokyo Engineering Consultants Co., Ltd., Japan (Lead Partner); Black and Veatch International, UK; Poyry Environment GmbH, Germany (Formerly GWK Consult), Shah Technical Consultants Pvt. Ltd., Mumbai and Centre for Environment and Development, Thiruvananthapuram.

The Project components, including their number, sizes and extent, in nutshell are given in Table below

Institutional Strengthening	Job	Over 10 components under procurement of equipment, procurement of services, wide area networking, Non-revenue, Water management, Central Control Unit Building etc.				

The various construction works have been packaged for contracting purposes as follows.

Package – I	Intake, Raw Water Pumping Main and Water Treatment Plant
Package – II	Clear Water Transmission Mains
Package – III	Distribution System
Package – IV	Service Reservoirs
Package – V	Rehabilitation works for Thiruvananthapuram and Kozhikode schemes

Details of funding, rate and normal period of operation?

The Japan International Co-operation Agency (JICA) provided the funds as loan for the project implementation, but about 15% of project cost was to be met as share by the Govt. of Kerala, inclusive of all land acquisition costs and taxes. Loan Agreement for the project was between the GoI and JICA. The GoI was the borrower and KWA was the executing agency for the Project. M/s Tokyo Engineering Consultants' Consortium (TECC) was appointed as the Design and Construction Supervision Consultant, as laid down in the loan agreement. As for JICA Loan portion, the Project is funded under time-slice approach and 3 tranches of loan had been availed as follows.

Loan No.	Loan Amount, JPY Million	Rate of Interest	Remarks

ID-P 123	11,997 million	2.1%	Loan closed in June 2008 for JPY 11,822 million. (Rs. 423.35 crores)
ID-P 184	32,777 million	1.3%	Loan closed in March 2013 for JPY 29,595 million. (Rs. 1427.35 crores)
ID-P 203	12,727 million	1.2%	Loan closed in July 2015 for JPY 5652 million (Rs. 366.04 crores)
Total	57,501 million		2216.74 Crores

The period of repayment of each tranche is 30 years, including 10 years of grace period.

Amount of funding and Ratio of funding.

The total cost of the project had been estimated as Rs. 1787.45 crores in 1996 which was subsequently revised to Rs. 2987.40 crores in 2008. Out of this up to Rs. 2,664.70 crores could be the loan portion to be funded by JICA and the remaining amount is the Govt. of Kerala share.

Exchange rate JPY to INR	3.14	2.52	2.49

The JICA loan for the project was closed on 27.07.2015 considering the time lapse and the total loan availed till closure was Rs. 2216.74 Crores. Thereafter, the project was continued under State Plan and the up to date expenditure incurred as on 31.03.2023 is Rs. 2657.35 Crores. Government of India is repaying the loan. The rate of interest is as mentioned in the table above.

Normal period of operation of JICA assisted KWSP.

The JICA project was designed considering a project period of 30 years divided into 2 phases - the Phase I was up to 2021 and Phase II was till 2036. The JICA funding was for Phase I only. In Phase II, the works envisaged are expansion of the distribution system and execution of expansion of water treatment plant capacities in Trivandrum and Kozhikode Schemes.

Of these, the works in Trivandrum WTP was already taken up and completed under AMRUT project and distribution system was taken up under JNNURM project. For Cherthala and Pattuvam, the extension of distribution is already envisaged. The other remaining works in Kozhikode are been proposed under Jal Jeevan Mission and AMRUT 2.0.

Details of works were completed in physical terms and financial terms.

The details of completion and progress status of all the contracts are given below.

Scheme	Package I	Package II	Package III	Package IV	Package V
Trivandrum	Completed	Completed	Completed	Completed	**90% Completed.
Meenad	Completed	Completed	*75% Completed. (Contract closed)	Completed	NA

* The contracts for distribution system (P III) of 3 schemes (Meenad, Kozhikode and Pattuvam) were awarded to a single contractor M/s K. Ramakrishna Contractors Pvt. Ltd., Hyderabad, but they didn't do the works even after giving a prolonged extension of time. Finally the work had to be terminated and rearranged at risk and cost. This brought in so much additional works such as valuation of executed works, transfer of procured materials etc., preparation of as-built drawings and estimates and bid documents for new tendering.

**The rehabilitation package (Package V) of Thiruvananthapuram Scheme is terminated and rearranged due to breach of contract.

Under Institutional Strengthening Component, all works are completed except Asset Mapping and Installation of Bulk flow meters. All the ERP related works were transferred to IT wing of KWA under CE(HRD) vide KWA Board resolution no 10247, resolved in the 382nd meeting on 17.12.2015.

The financial progress is as given below.

Scheme	Package I	Package II	Package III	Package IV	Package V

Revenue generated per annum from JICA assisted KWSP and the cumulative revenue till 31.03.2023.

No separate policy is made applicable for the JICA project. The revenue model is the same as for other schemes and revenue is collected without making any distinction among schemes.

The annual revenue reported by field officials are given below:

Year	Trivandrum	Meenad	Cherthala	Kozhikode	Pattuvam	Revenue per Annum (Cr)
2010-11	6.71					6.71

Total Revenue (in Cr)	98.53	36.83	84.73	164	34.94	419.03

The cumulative revenue from JICA Assisted KWSP till 31.03.2023 is Rs. 419.03 Crore.

Is there a investment – benefit analysis?

No, except for the cost benefit analysis presented to JICA, during initial evaluation. But it was based on cost of water to match cost of production.

If the project remains incomplete, clearly spell out the reasons for that and who is giving residual cost?

The implementation of the project started in Sep. 2003 with the appointment of Tokyo Engineering Consultants Consortium (TECC) Consultants. The detailed design and tendering works took a time of 2-3 years (until 2006-07) for different contract packages and then the construction activities began. The construction period was set initially as 2 years only. But due to vast scope of works, some new land acquisition proposed while reviewing project feasibility reports, delay in obtaining permission from various line agencies such as Railways, National Highways, Forest, Public Works Department etc. of the Central and State Governments, each works contract suffered delay in various amounts, in addition to several delays attributed to the contractors.

The contracts for distribution system of 3 schemes (Meenad, Kozhikode and Pattuvam) were awarded to a single contractor M/s K. Ramakrishna Contractors Pvt. Ltd., Hyderabad, but they didn't do the works even after giving a prolonged extension

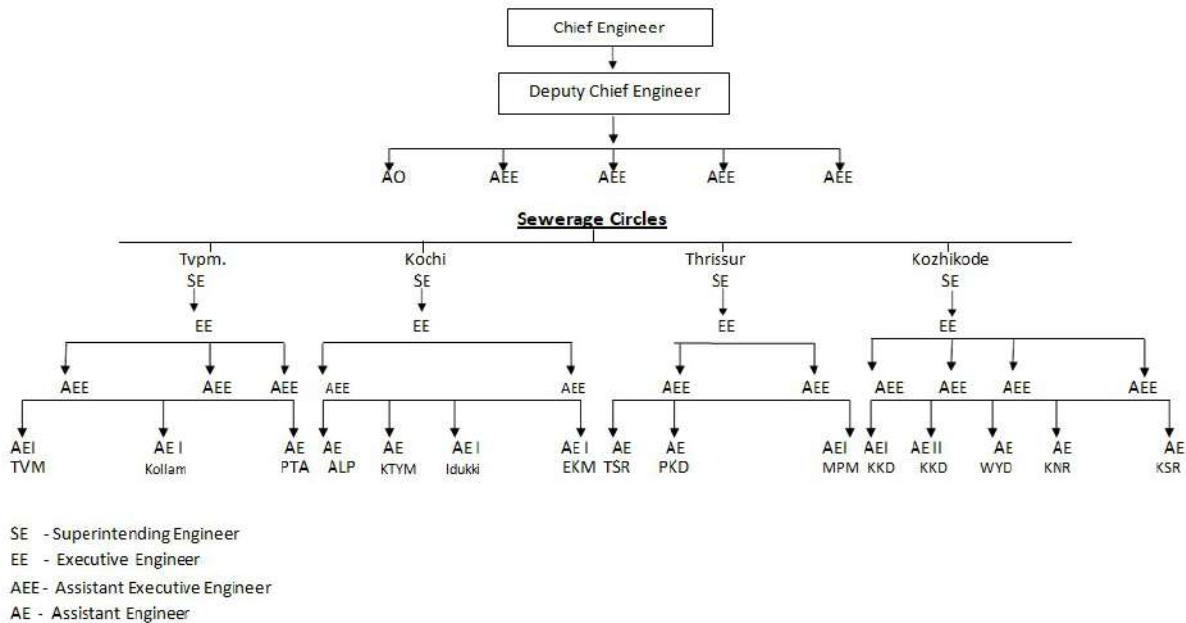

of time. Finally the work had to be terminated and rearranged at risk and cost. This brought in so much additional works such as valuation of executed works, transfer of procured materials etc., preparation of as-built drawings, and preparation of estimate and bid documents for new tendering. The rearranged distribution works of Pattuvam Scheme were completed. For Kozhikode Scheme the works were closed as on 31.03.2020 as per KWA Board Resolution dated 03.01.2020. For Meenad Scheme, the rearranged works had to be terminated and rearranged again and short closed as on 23.04.2021 as per KWA Board Decision.

Most of the works viz. Packages 1, 2 and 4 were completed by 2011/12. All the five schemes are operational now except for the following (i) part of Distribution networks of Kozhikode scheme (ii) Rehabilitation works of existing water treatment plants of Thiruvananthapuram and (iii) A few components like Asset Mapping and Installation of Bulk flow meter under Institutional Strengthening Component.

The loan for the project was closed by JICA on 27.07.2015 and the residual cost for balance works is being met under State Plan. As on date Rs. 134.08 crore expended as state plan.

The Consultancy contract with TECC was terminated with effect from 31.03.2016. After closure of Consultancy services, the responsibility of Operation and Maintenance of completed assets under this project and execution of balance works were vested with existing/ newly formed KWA regular/ project offices by rearranging the organizational set up of regional JICA offices established for the implementation of the project. The implementation of Rehabilitation Works of Trivandrum and Kozhikode had been transferred to regular divisions earlier on award of works to the respective contractor.

Chapter VIII SEWERAGE, PPD& WASCON

WASCON the Consultancy Wing of Kerala Water Authority was set up, as per GO(Rt.)45/2008/WRD dated 08/01/2008 with the intention of providing Engineering Consultancy services for inhouse works and outside works. Since its inception, WASCON has taken up many design works as well as preparation of project reports for many Water Supply Schemes. WASCON had done designs for many Water Treatment Plants and Service Reservoirs. Design for 30 MLD Water Treatment Plant at Neerattapuram and 100MLD WTP for Thrissur Corporation.

Later on Project Preparation and Development Unit (PPD) was formed vide proceedings no. KWA/JB/E2(A)/18977/2015 of Managing Director dated 27-02-2016 by reorganizing WASCON so as to take up preparation of well-planned and well-designed projects reports.

The Unit is headed by a Chief Engineer and has 3 Regional offices at Thiruvananthapuram, Kochi and Kozhikkode which are headed by Superintending Engineers assisted by an executive Engineer each. In addition, there are Camp offices in each district which is under the control of Assistant Engineer. Survey works are done by the Camp offices and engineering reports are prepared and submitted to the higher offices for approval. Taking into consideration the importance of sewage treatment and dispose across the state, a Sewerage Vertical was created vide Order No. 1279/E2(A)/2020/KWA dated 07/07/2020. The CE(PPD&WASCON) was designated as the head of the newly formed Sewerage Vertical as CE(Sewerage, PPD & WASCON) with four Sewerage circle offices at Thiruvananthapuram, Kochi, Thrissur and Kozhikkode. For this purpose Sewerage Circle, Kochi created earlier vide KWA/JB/E2(A)/1279/2020 dated 03/02/2020, to co-ordinate, execute and maintain sewerage works across Kerala was clubbed with the existing PPD Regional offices at Thiruvananthapuram, Kochi and Kozhikkode to form four Sewerage Circles at Thiruvananthapuram, Kochi, Thrissur and

Kozhikode. The erstwhile SE, PPD Tvpm is functioning as SE, Sewerage Circle, Thiruvananthapuram with Thiruvananthapuram, Kollam and Pathanamthitta districts under its jurisdiction. Similarly SE, Sewerage Circle, Kochi is functioning with Kottayam, Alappuzha, Idukki and Ernakulam districts. The SE, PPD, Kochi is functioning as SE, Sewerage Thrissur, and have districts Thrissur, Malappuram and Palakkad under its jurisdiction. SE, PPD, Kozhikode is functioning as SE, Sewerage Circle, Kozhikode with Kozhikode, Kannur, Wayanad and Kasargod under its control. Up to 31st March 2023, 35 major sewerage scheme DPRs prepared by the Sewerage Wing. Also prepared six DPR of STPs with capacity less than 1 MLD.

Details of schemes in operation under execution during 2022-23.

a) Thiruvananthapuram at Muttathara 107 MLD (Activated Sludge with extended aeration system)

The existing sewerage system in Thiruvananthapuram city region commenced in the year 1945 covering the then main areas of the city. Presently in Thiruvananthapuram Corporation area, 43 out of 100 wards are covered either partly or fully with sewerage system. For convenience the city area was divided into 5 blocks which were commissioned in different periods

- Area of coverage : 75 sq km (Old Corporation area) Percentage of Coverage : 40%
- Number of wards covered : 43
- Number of existing blocks : 5 (A,B,C,D,E)
- Number of connections : 54000
- Location of STP : Muttathara
Capacity of STP :107 MLD
- Length of pipeline network : 600 km
- Number of manholes : 20000 (approximately)

Sewerage Block	Year of commissioning	Covered area (Sq. km)
A	1945	13.84
B	1965	5.51
C	1970	4.12
D	1990	6.5
E	1994	13.06
Total		43

b) 5 MLD STP at Medical College Campus (Moving Bed Biofilm Reactor -MBBR)

5 MLD STP for Medical College campus commissioned in 8/8/2021 and is exclusively designed for the medical college campus.

c) Kochi at Elamkulam 5 MLD (Moving Bed Biofilm Reactor - MBBR)

In Kochi existing sewerage system covers only 5% of Kochi Corporation. At present the Kochi Corporation is spread over 94.88 km² and has been divided in to 74 wards with total population of 602046 as per 2011 census. Considering 80% return, total sewage quantity in the year 2052 is estimated to be 147.80 MLD.

The old Sewage Treatment Plant located at Elamkulam is having a capacity of 4.50 MLD. The plant works in activated sludge treatment process. The plant was commissioned as early in 1959 and maintenance of the sewage Treatment Plant is done by KWA. The Sewerage system planned by the PHED in 1966 was taken up for Implementation in 1971. For the planning and implementation purposes the entire Municipal Corporation areas and Panchayaths was divided into four zones A, B, C, and D. Out of these zones, only a part of Zone B was commissioned. Zone B, which is further divided into five sewerage blocks (A, B, C, D and E) for planning purpose has only Block A (fully) and Block B (partially) functional at the moment and were connected to the old STP of 4.5 MLD which is now replaced by a newly constructed 5MLD STP constructed using AMRUT fund. Sewage load coming to STP is only 3.25MLD hence proposal for the full utilization of the new STP submitted to RKI and administrative sanction received. The new 5MLD STP started functioning from Nov 2022. Another 5MLD STP with sewerage network for Rs193.32 Crs sanctioned under AMRUT 2.0, action is being taken by SE PH Circle to implement the work. KMRL also planned to construct a 17.5 MLD STP at Elamkulam KWA site, AS for the same received from KIIFB.

d. Three MLD STP at Guruvayur (Activated Sludge Process-ASP)

The Guruvayoor drainage Project is planned to provide an effective drainage system for the full coverage of thickly populated area under Guruvayoor Municipality. The main aim of the scheme is to collect the sewage from houses, flats, hotel etc. and treated in a sewage plant of capacity 3 MLD STP at Chakkumkandam at Guruvayoor. The STP functioning and AS received for the construction of dilution tank for the treatment of septage from RKI for Rs 36 Lakh. Construction of dilution tank started and targeted to complete by 31.5.23.

STPs Under construction –

- Kollam at Kureepuha 12 MLD (MBBR)- 85% of the work completed expected to complete the work before 31/12/23. Sewerage networks to be activated. At present decided to function the STP with septage collected from the corporation area.
- Elamkulam 5MLD STP and Sewer network under AMRUT 2- AS received.
- 50 KLD STP for Viyoor Central Jail – Deposit work of Central Prison, work was awarded and targeted to finish before 31/12/23.
- 45 KLD STP for Pazhayannur Municipality, Municipality deposited the amount to KWA account and work tendered.

Schemes completed during 2022-2023

5 MLD STP at Elamkulam completed during this year.

PER and DER prepared during 2022-2023

In addition to the above 35 DPRs of Sewerage System to ULB/Corporations and DPR of Common Effluent Treatment Plant prepared and submitted to Industries Department and DPR preparation charges Rs 32Lakhs remitted by the Industries Depart to KWA.

Detailed Project Report preparation for covering the uncovered area of Thiruvananthapuram Corporation and rehabilitation of the existing system awarded to M/s REPL, a consultant in 2021. Consultant appointed for preparing the said DPR was terminated from the contract due to breach of contract by the firm vide Proceedings No. KWA/SE/SEW/EOI/REPL/338/2020- 2021 of the Superintending Engineer, Sewerage Circle, Kerala Water Authority Thiruvananthapuram dated 31.05.2022 to arrange the balance work at their risk and cost. As discussed in the Chief Secretary, GoK' s meeting dated 21/06/2022 the work of Preparation of DPRs has to be done internally. Mean while the terminated firm M/s REPL filed a complaint against KWA in the Hon'ble High court of Kerala (WP(C) No 26031 of the year 2022) and obtained a stay against KWA at first up to 22.08.22 which is then got extended up to 14.09.22 against taking any coercive actions. DPR preparation of sewerage system to the uncovered areas of TMC is now being carried out internally by KWA. The total wards were divided in to 9 clusters. Cluster 1 comprises of 5 wards - Attukal, Kalady, Kallipankulam, Ambalathara and kamaleswaram wards - The DPR for cluster 1 was submitted on 13/10/2022 for obtaining AS. Cluster 3, which was originally consisting of Thiruvallam, Poonkulam and Vellar is the second in the priority list and is taken up. This Cluster is then modified by adding more wards and is divided into 3 zones. Zone 1 of cluster 3 is consisting of Puthenpally and Part of Muttathara (until STP) is taken up on prioritybased on the demand of Thiruvananthapuram Corporation and submitted for AS. The DPR of Cluster -3 Zone 2 and Zone 3 is prepared and is under scrutiny. The DPR for cluster 2

is prepared and kept in shelf of projects as there is no fund available. The DPR for cluster 4 (Thirumala Thrikkannapuram and Punnakkamughal wards) is under scrutiny.

Sewerage Projects and coverage

1) 107 MLD Muttathara STP

Existing Covered area with sewerage facility full or Partial is 43 wards (Blocks A to E). Uncovered area - Design of sewerage network available (35 wards) (Blocks F to R)- Including ongoing works under JNNURM and AMRUT. But revision required Uncovered area – New designs to be prepared (22 wards).

2) Elamkulam 5 MLD at Kochi (Activated sludge process)

The old Sewage Treatment Plant located at Elamkulam is having a capacity of 4.50 MLD. This plant is replaced by the newly constructed 5 MLD STP. The new plant under AMRUT completed and started functioning from Nov 2022. Co- treatment facility planned to provide in the STP by providing dilution arrangements. Targetted to finish the work before 31st May 2023.

3) Three MLD STP at Guruvayur (Activated sludge process)

The Guruvayoor drainage Project is planned to provide an effective drainage system for the full coverage of thickly populated area under Guruvayoor Municipality. The main aim of the scheme is to collect the sewage from houses, flats, hotel etc. and treated in a sewage plant of capacity 3 MLD STP at Chakkumkandam at Guruvayoor. The STP functioning and AS received for the construction of dilution tank for the treatment of septage from RKI for Rs36Lakh. Construction of dilution tank targeted to complete by 31/5/23.

4) 5MLD ST at Medical College, Thiruvananthapuram (MBBR)

5MLD Sewage Treatment plant for Medical College Campus started functioning from 8/8/21 and is planned for the medical college campus.

Sewerage Vertical and its progress

Environmental protection has been widely accepted as a vital aspect of sustainable development. Proper sewage and septage management is a crucial parameter in achieving this. Though considerable achievement has been marked by the state in the drinking water sector, the development in sewerage sector is lagging much behind. Unplanned urbanization and poor sewage management has resulted in large scale pollution of water resources. This has become a complex challenge to the environment as well as to the public health. Realizing the threat, the Government, in recent years, has made much deliberations and initiatives to address the challenge. Moreover, there are directions from the Honorable National Green Tribunal (NGT) for ensuring the installation of Effluent Treatment Plants (ETPs), Common Effluent Treatment Plants (CETPs), Sewage Treatment Plants (STPs) and other pollution control measures. Hon. NGT has also directed to take necessary action to prevent discharge of pollutants into our rivers (OA No. 673 of 2018).

As per the Kerala Water Supply and Sewerage Act -1986, KWA has the function of rendering services in collection and disposal of waste water. As such, the Authority has prepared district based preliminary engineering reports for the purpose of planning sewerage / septage management systems for the entire state. The project area is broadly categorized into two - areas with higher population density and areas with lower population density. Networked sewerage system with STPs is proposed for the first category where the density is generally more than 1500 per square kilometre. On site sanitation with faecal sludge treatment plants (septage) are proposed for the second category areas. However sludge from non-networked areas which are closer to STPs is also planned to treat in the STP itself. The networked areas are subdivided into zones by considering topographical features such as ridges, rivers etc and manmade features such as main roads and railway lines.

The design horizon year for this project is 30 years with base year as 2023. Considering the presence of water supply schemes under KIIFB and AMRUTH a rate of supply of 100 lpcd is considered for panchayath areas and 150 lpcd for urban areas. A return ratio of 80% of the water supplied is considered for estimating the sewage generation. Data available with local bodies, census reports, KWA's asset mapping documents and spatial data sites have been used for the preparation of PER. Processing and analysis is mostly done with GIS. The accuracy of the report is limited to these. A total of 534 Sewage Treatment Plants with a total capacity of 2827 mld and 135 septage treatment plants with a total capacity 15000 KLD are proposed to cover the entire state. The proposal also includes 2439 collection wells, sewerage network of around 59800 km, manholes, collection wells etc. Estimated cost is Rs. 80385 crores. Out of this Rs.26048 crores is estimated for urban local bodies. Thiruvananthapuram Corporation area is not included in the above plan as DPR preparation work of Corporation area (under RKI) is in progress. Expected sources of funds are RKI, SBM2 AMRUT, State Plan and WB.

Further to this, based on the Guidelines of Swachh Bharath Mission Phase II AMRUT 2.0, RKI ect 35 DPRs of ULBs / Corporations were prepared and submitted to GoK /RKI/Jalsakthi/ Suchitwa Mission/AMRUT for getting AS. As received for two projects under AMRUT and one project under RKI.

Chapter IX COMPUTERISATION AND IT-INITIATIVES

KWA is having an Information Technology Wing at its head office. It aids the organization to reach its mission “We will transform ourselves to a consumer friendly organization providing services at the doorstep”. The Wing is responsible for all IT/e-Governance activities like Website maintenance, Software Development, Mobile App Development, Maintenance of various Softwares of KWA, Specification finalization in IT Hardware procurement, Maintenance of IT and network Infrastructure, Integration with other State Government Softwares, etc. The unit is under the control of Chief Engineer HRD & GL and directly reporting to the Secretary.

During 2022-23, Kerala Water Authority moved fast forward in e-Governance/GIS and Information Management. Several IT initiatives have taken up by IT Wing during this period. During 2022-23 Kerala Water Authority moved forward with JJM Project. Through JJM Project around 5.3 lakh new connections from rural area are added to our billing software, eAbacus. To achieve this JJM mobile application is being used by KWA field staffs to provide connections and to do data entry of new connection for the billing software (eAbacus) at connection site itself. In this application Administrative sanction details, Technical sanction details, Scheme Details, Component Details, Tender details, Risk Details and Physical and Financial (Bills) progress details for each work package of concerned division etc are included. All the JJM projects which are being executed by KWA, Ground water and Jalanidhi can be tracked from Administrative sanction to completion through this application. This application is used for the weekly review of the Projects at scheme level. This application helps the management in monitoring the flagship project JJM which is being executed in a mission mode.

The existing Consumer complaint redressal system – AQUALOOM used for registering Complaints has been revamped to include the complete workflow from registering to status check facility. By using this system, fast action and solution on complaints are achieved. More than two lakhs complaints received in AQUALOOM so far. From this, 95% complaints has been resolved. KWA started SMS Alert Service intimating the bill information from the billing system e-Abacus. KWA is also intimating the bill information via SMS to the registered phone number along with the consumer number. Call drop details in 24x7 aqualoom centre and Pending Water Leak status and Water shortage status section wise displayed in the service dashboard of consumers corner.

KWA launched its revamped Website during 2022-23. Although KWA website is having so many information, data is not arranged properly and getting a feel of crowded information. KWA launched its revamped website into a new state of art by modifying its look, feel and framework. The revamped website is an initiative to make all information about Kerala Water Authority transparent and available to public, provides a vast database of information on the Authority's service areas, schemes, various divisions, financial status, staff information, and various other aspects. Now citizens / customers / employees/ pensioners/ contractors and every walk of users can get their relevant information by few clicks from the home page. Website is maintained by IT Wing of KWA.

KWA's Quick pay online system is revamped to the state of art of utility payment portal. KWA is now intimating the bill information via SMS to the registered phone number along with the consumer number. The receipt information will be send to the registered phone number of the consumer via SMS at the time of the payment. The security is also improved and till date no intrusions were happened in the site. Lot of features like advance payment, any amount payment, installment payment, service charge payment etc. are added to the portal. More payment gateways are also integrated. More consumers were added to online payment and online payment statistics displayed in the Dashboard.

Project monitoring tool (PASK), HR management system (MARCH) and O&M management systems deployed are continuously updated and upgraded to meet the new requirements. Project Monitoring system (PASK) is to track the progress of its various projects and ensure its timely completion. KWA introduced PASK for monitoring the physical and financial progress of all the projects in a day to day basis. PASK is designed to collect and analyze data on various aspects of each project, including its schedule, Budget Quality and performance. It also provides tools for risk management and issue tracking, allowing KWA to identify and address problem as they arise. Key feature is its project dashboard which provides real time information of the status of the project, visualization and charts allowing stake holders to quickly understand the project's progress and identifying the potential issues. Includes regular progress reports which are sent to stake holders to keep them informed of the project's status. PASK has helped to improve the efficiency and effectiveness of the project management. All the 2475 ongoing projects can be tracked and the progress can be monitored on a day to day basis. Any issue/risk identified can be addressed without any delay which enables the faster execution of the project.

MARCH system provides close monitoring of HR attendance and rates, providing stakeholders with a clear idea of the number of HR personnel deployed in each scheme or office. Data is also useful in calculating the profitability of the schemes and in reducing unnecessary HR expenditure, thereby increasing the efficiency of manpower usage in schemes. MARCH system is an effective solution for managing and monitoring HR activities across KWA's operations.

O&M system provides an effective solution for managing and monitoring of operation and maintenance activities across various schemes. The system allows creation of Incident reports and allows the linking of IRS with field complaints, further improving the efficiency of the process. Detailed information for each IR is captured within the system, making it easy to track progress and identify areas for improvement. O&M expenses can be tracked at field office level. Areas with major issues can be identified and the same can be addressed so as to bring down the O&M expenses and to facilitate preventive maintenance.

KWA developed GIS based optimal site selection system to help select the most suitable site for sewerage treatment plants. KWA moved more forward in GIS application by plotting more aspects to GIS map of KWA and which very helpful in data analysis and decision making.

KWA has developed a Contractor License Management system module for submitting applications for contractor's registration, Upgradation, and renewal for all classes of Licenses. The dashboard for Contractor License Management system displays the count of total applications, license issued, applications in process and incomplete applications. Applicant can pay the application fees online and after the completion of the payment, the applicant can view the status of the application through this portal.

In the current system of E-TAPP, an online system for apply drinking water connection and sewer connection, has added consumer services like meter replacement, Category change, disconnection, reconnection, meter testing, Ownership Change, etc. This online platform is for processing consumer services and for processing online payment as well. A potential applicant can check the status of the application any time. This ensures that the consumer services are granted in a transparent manner. There will be SMS alert on each step of application process. Field visit and report are recorded online. The applicants can verify the status of the application through e-tapp. In the E-TAPP system, it is possible to upload necessary documents photographed or scanned. More than 2 Lakhs consumer services has been already completed. Certain enhancements in e-tapp like integrating etapp with K-SWIFT with an API for fetching the water connection application from KSWIFT and giving the same to the work flow of e-tapp and return the status to K-SWIFT, thus the Summary of Water, Sewerage and service status can be viewed on State Government Dash Board and KWA Dash Board.

K-METER APP has been developed for KWA meter readers. It enables the meter reader to send readings instantly to the server using a mobile phone, get bills through SMS and consumers can pay instant bill at the spot itself. Location information can also be stored by uploading the photo of the dial of the meter. By this, the billing system changing from bi monthly billing system to date to date billing system. Digitally calculated bill along with QR code for easy payment and Geo-tagged time stamped photographs of the meter is taken enabling the meter reader to take more reading with more accuracy. Testing of K-meter has been completed and pilot implementations done in three sections offices, viz., Palayam, Pattoor and Thodupuzha.

Self Reading App (K-Self) can be used directly by the consumer, through which the reading can be recorded and the bill amount can be paid at the spot itself. Uploading photo of the meter along with the reading can eliminate manual errors.

KWA has developed an online system for Plumbers License Exam Module for issue of the application and processing of application. All the processes like application invitation, processing, selection/ Rejection of candidates, intimation through mobile for PLE class, theory and practical exam date intimated through this application.

KWA has digitalized an online platform for Processing BPL application to BPL consumers. This has reduced the need for physical submission of application and thus changed the age old system of long Queues of consumers at the KWA offices. In this online mechanism for registering BPL Connection, people can register in online portal using Ration card and Consumer ID.

As a part of the Kerala Government initiative to go green, KWA has implemented the Green bill scheme by which the need for physical bill has been massively reduced. Out of 41 Lakhs consumers, 11.64 lakhs consumers has opted for green bill so far. KWA has implemented the IT powered core Banking solution called FAMS. FAMS is a financial solution intended to manage KWA finance and accounts. FAMS aims to provide a good picture of KWA finance by means of various analytical graphs and trend Lines. It is a backend analysis tool and is also an accounting software specifically designed for KWA with the help of SBI.

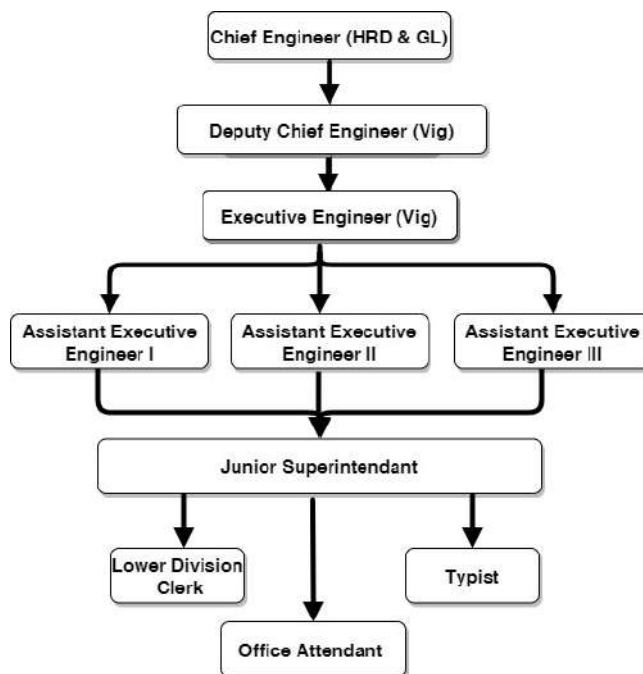

VISTAAR is a complete banking suite offered by SBI for large and very large corporations, Government organizations and Institutions. This provides access to multiple users to accounts various branches. By the use of this facility, KWA can give discretionary access to the accounts and discretionary financial rights to their users. KWA managed to get consolidated Bank account details of over 600 accounts.

During 2022-23, Network connectivity has been revamped. KWA established KFON and railtel connectivity, revamped internal network and enhanced speed. Infrastructure development for video conferencing and online presentation at Head office implemented. Various applications are security audited and moved to SDC which improved the Quality of the service.

Government organizations all over the state make payment to one of the 600 KWA accounts which cannot be tracked and are not accounted properly to consumer data in eAbacus. Most of the Government payments are made via treasury as NEFT/RTGS. The payments were not related to the past months as many of these government payments takes multiple month before making a payment. Thus it is very nearly impossible to reconcile the same and when the payment is made and to credit the consumer Ledger. As a solution Virtual Account Number are created using ten digit consumer ID as account Number, Non consumer can pay through VAN ID and is automatically updated in the Billing systems. VAN has been implemented in KWA during the year 2022-23 in collaboration with SBI and VAN has been provided to all 40 Lakhs Consumers.

“State Bank Collect” facilitates KWA to receive MIS for the cash and cheque payments collected from its revenue enters. KWA revenue offices can make customized receipts via “State Bank Collect” in SBI website. They can choose KWA, fill up particulars of which payment has to be made. and make the payment as cash at nearest SBI Branch. KWA revenue offices can make the payment as cash at nearest SBI Branch, Provides advance Management Info System (MIS), Facilitates daily reconciliation of field collections.

Chapter XII REVENUE MONITORING CELL

The main objectives includes:

1. Accessing the quantum of water consumed, billed and the revenue generated there upon.
2. Fixing revenue and new connection targets to all Revenue Divisions and monitoring its regular progress.
3. Monitoring all complaints and petitions related to revenue and settlement of the same.
4. Monitoring and collection of revenue pertaining to street taps under local bodies.
5. Liaison with all the Revenue Divisions and issuing guidelines.
6. Preparing monthly consolidated collection statement, connection statement and Demand Collection Balance (DCB) statement.
7. Issuing centralised Water Bill to all Government Departments.
8. Preparation and updation of around 30 progress reports, Division wise Revenue Profile based on Comprehensive index ranking and publishing same in the KWA website.

Summary of activities during the year 2022-23:

1. In order to increase the revenue collection and for clearing the arrears, steps have been taken to disconnect the water connection of all major defaulters and initiated revenue recovery proceedings through Revenue Department.
2. All sub divisions of Kerala Water Authority are registered under new Revenue Recovery Portal of Government of Kerala and have initiated Revenue Recovery proceedings. Revenue adalaths were conducted for solving long pending complaints and grievances of the consumers.
3. Amnesty scheme as per G.O.No. 615/2022/WRD dated 18/07/2022 was conducted for solving long pending complaints and grievances of the consumers, removing unidentified connections and solving grievances of consumers facing Revenue Recovery.

Action under the AMNESTY Scheme:

- A total of 99,188 applications were received under the Amnesty Scheme with the collective arrears amounting to Rs.750.20 Crore. All applications received under the Amnesty scheme have been resolved ie . 100%

- An amount of Rs.103.71 crore have been collected under the scheme.
 - An amount of Rs 440.90 crore have been written off under the scheme.
4. Fine of non domestic consumers were converted from 2% compound interest to simple interest.
5. One day Revenue Worksop was conducted on 30/07/2022 for giving awareness about Revenue related orders, Tariff structure and present financial conditions of KWA to all revenue officers.
6. For the effective collection of Revenue, 24X7 War rooms have been started from 01/01/2023 to 31/03/2023 in all Section offices, Subdivision offices, Division offices, Circle offices, Regional offices and Head Office.

Action under the WAR ROOM Scheme:

Consolidated Target for the War Room was set at 821.50 Crore including arrears from LSGD, which is 50% of the outstanding balance at the end of December 2022. The target has been divided and distributed to all Section offices, Subdivision offices, Division offices, Circle offices and Regional offices. An amount of Rs.276.70 Crore have been collected under the War room

7. As part of War room Accounts Officer, RMC visited all Revenue circles and conducted one day training to all revenue staffs.

8. Total target for the year was 1510.95 crore of which KWA has collected Rs. 1168.07crore (including the Amnesty adalat write offs, One Time Settlements, 2% simple interest conversions, War room and Consumer Redressal based waive offs) thereby achieving 77.31% of the target.

Chapter XIV

NATIONAL PENSION SYSTEM CELL

Introduction

Government of India have introduced a new restructured defined contributory pension system, namely New Pension Scheme, i.e, National Pension system (NPS), for its employees (except Armed Forces) recruited on or after 01.01.2004 replacing existing system of defined pension scheme vide Notification F. No.5/7/2003-ECB&PR dated 22/12/2003 Department of Economic affairs, Ministry of Finance, Government of India. NPS is a voluntary, defined contribution retirement savings scheme designed to enable the subscribers to make optimum decisions regarding their future through systematic savings during their working life. NPS seeks to inculcate the habit of saving for retirement amongst the citizens. It is an attempt towards finding a sustainable solution to the problem of providing adequate retirement income to every citizen of India. Accordingly, the scheme was made applicable to All India Service (AIS) officers recruited to Kerala Cadre on or after 01.01.2004. As per GO (P) No.20/2013/Fin dated 07.01.2013, State Government adopted National Pension System (NPS) and implemented for all appointments made on or after 01.04.2013.

Main objectives of NPS are:

- To provide old age income
- Reasonable market based returns over long run
- Extending old age security coverage to all citizens

It is based on a unique Permanent Retirement Account Number (PRAN) which is allotted to each Subscriber upon joining NPS.

Working of the System

The System is working on a defined contribution basis and has two tiers viz., Tier- I and Tier - II. Contribution to Tier I is mandatory whereas Tier II is optional and at the discretion of the employee. The employee shall make a contribution of 10% of his/her Basic Pay and Dearness Allowance to Tier I. The Government will also make a matching contribution. The entire amount including returns from investment will be kept in Tier I account. The pension funds of employees will be managed by Pension Fund Managers (PFMs) nominated by the Pension Fund Regulatory and Development Authority (PFRDA) and records will be maintained by National Securities Depository Limited (NSDL) that functions as the Central Record Keeping Agency (CRA). At exit, it would be mandatory for the employee to invest 40% of his/her pension wealth to purchase an annuity from Annuity Service Providers (ASPs) which will provide pension for life time of the employee.

Management

The rules and regulations for the management of NPS implemented in the State will be governed by directions /rules /circulars / orders etc issued by Government of India/State Government/PFRDA/NSDL from time to time. In order to facilitate and monitor all the NPS related activities in the State, Additional Secretary (Pension) has been designated as

State Nodal Officer (SNO). The Finance (NPS Cell) Department is the authority dealing with the subject of National Pension System in the State.

National Pension System Adopted by the State

State Government adopted National Pension System (NPS) and implemented for all appointments made on or after 01-04-2013. The rules and regulations for the management of NPS implemented in the State will be governed by directions/rules/circulars/ orders etc issued by Government of India/State Government/PFRDA/NSDL from time to time. In order to facilitate and monitor all the NPS related activities in the State, Additional Secretary Finance (Pension) Department has been designated as State Nodal Officer (SNO). The Finance (NPS Cell) Department attached to the Pension Wing is the authority dealing with the subject of National Pension System in the State.

National Pension System Adopted by the Kerala Water Authority

Vide Office Order No. KWA/JB/E20/O&M/7307/2006 dated 18/04/2015 NPS Cell was constituted in Head office of KWA for the implementation of NPS. In response to the application submitted to the Finance Wing, Government of Kerala for operationalization of NPS in KWA, the NSDL e-Governance Infrastructure Ltd vide Letter No: CT/SS/VH/MT/201531655 dated 7-5-2015 informed that the registration of KWA in the CRA system of NPS is completed. The deduction of NPS subscriptions was effected from the salary of June 2015 and the recovery of subscription for the backlog period were started from salary of August 2015 onwards. **Kerala Water Authority has implemented NPS with effect from 01.04.2013.** The centralised mode of payment is executed in KWA for NPS. All account rendering units of KWA forward the details of deduction of NPS subscriptions done in their offices through the NPS Recovery Schedule (PA 30) to NPS Cell of Head Office for payment. Based on this, KWA contribute matching share of subscription. For the Financial year 2022-23, KWA remitted Rs.22,08,11,792/- for NPS purpose which includes Rs.20,35,15,622/- as regular subscription and Rs. 1,72,96,170/- as arrears. For the year 2022-23, 668numbers of new subscribers were registered for NPS from Kerala Water Authority. Total 2985 employees come under NPS scheme in Kerala Water Authority.

Chapter XV PENSION AND PAYSリップ

Introduction

Before 01.04.1984, in the erstwhile Public Health Engineering Department, the pension and pay slip matters were dealt by the Accountant General of Kerala. After the constitution of Kerala Water Authority, that duties and responsibilities handed over to KWA after forming a separate wing under the direct administration of Accounts Member and Finance Manager and Chief Accounts Officer. This wing deals with the tasks related to service matters of the Gazetted Officers of KWA and performing final audit and authorization of the pensionary claims of the employees who retire from KWA.

Payslip Section

The Payslip section operates by verifying the service book of all the Gazetted Officers with connected documents such as RTCs with respect to Relieving Orders/Transfer Orders/Promotion orders, etc. for issuing payslip of such events periodically. Issuing of payslip includes in connection with Increments, Promotion, Transfer, Leave, Ratio Higher Grade, Non-Cadre Promotions, Deputations, Surrender of Earned Leaves, Terminal Earned Leave Surrender and Pay Revision Fixations. Also preparation of pension proposals for the retiring/retired Gazetted Officers.

Total Number of Pay slips issued during the year 2022-23 : 1413 Nos

Pension Section

The Pension sections operates for conducting the Final Audit of the Service Books with the Pension Proposals submitted by the Pension Sanctioning Authority in accordance with the relevant rules and prepare the Audit report and forwarded to Pension Sanctioning Authority with directions / advices to proceed further. After rectifying the queries if any, Pension, DCRG and Commuted Value of Pension authorized for effecting the payments. Advices PSA on policy decisions related to pension and service matters in consultation with Administrative Wing/Internal Audit Wing.

The development of e-Pension software in Kerala Water Authority, G-PRISM is completed by IT Software division, Finance Department, Government of Kerala and the process of testing is under process.

Chapter XVI PENSION DISBURSEMENT CELL

Kerala Water Authority started pension payment through Bank in December 1992 with the objective of providing retirement benefits to all the pensioners without approaching the Accounts Rendering Units and to inculcate the habit of saving.

Initially, the system of pension being made through the bank was under the control of FM&CAO started with 5 pensioners, who opted for pension through Bank. Pre-printed cheques of Syndicate Bank were used then for disbursement of pension. The cheques for pension with 1st date of coming month were prepared and sent to the concerned pensioner by certificate of posting.

The operational procedure of pension disbursement through Bank was populated as a booklet and was sent to all Divisions inviting options from the pensioners who wish to receive pension by way of Bank disbursement. The number of pensioners who opted for pension through Bank increased gradually. From 2002 April 1st M/s. SBI, the then SBT was also included in the bank's and a new system was introduced i.e., transfer of funds was made directly from the bank to the pensioners account. For this purpose, Demand Draft was given branch wise for State Bank and Syndicate Bank.

Both SBI & Syndicate banks charged for the demand draft and were debited from the pensioners who opted payment of pension through bank. Due to pensioner's complaints, and also there was a case filed against the demand draft charges which was being debited from the pensioners account in which the pensioner won the case. Since SBT has agreed to waive off the charges for DD, SBT alone was allowed for the disbursement of pension through the Bank and Syndicate Bank was avoided from disbursement of pension.

The pension payment being processed through FOXPRO Software. From October 2005 core banking was introduced and the account number of the pensioners was changed to 11 digits and this system continued till 2014.

In May 2014 Centralized Pension Disbursement Cell was constituted as per the direction of the Managing Director, under the control of FM&CAO for payment through Bank. After collecting all PPO books from Division offices where the pension payments were being disbursed, with effect from May 2014 the centralized disbursement of pension through bank from Head Office, Pension Disbursement Cell came into effect. All other modes of payment of pension except money order was stopped and payment being made only from Head office through Bank. Money order commission charges for those who opted for money order above 80 years of age are being paid by KWA.

After centralization of pension payment, pension disbursement was made through a tool in FOXPRO. It was a single user interface program. There for all the process wants to be done in a single computer. Otherwise there was a chance of data missing. Even though the processing of pension in FOXPRO for nearly 10,000 pensioners was a difficult task, this system was continued. During 2019, proposal for changing disbursement process to new web based multi user software was admitted. The work was assigned to National Informatics Centre. NIC developed a test version of pension disbursement software for Kerala Water Authority during 2020 as per the requirements. During 2021, pension processing was doing parallel through FOXPRO and new software for testing. Parallel pension processing through FOXPRO and new software was going on and minor issues during the process were solved by NIC. During 2022 Development of the software was completed by NIC. Now the procedure to take over the software completely to KWA is going on. After this, KWA can customize and update the software according to the needs of PDC.

An identity card printing machine was allotted to pension disbursement cell for the purpose of issuing identity cards to all pensioners. Then pensioner's data with photographs of all pensioners were collected and service of an incumbent was completely utilized for the card printing. Our target was to print and issue identity cards to 9500 pensioners and the task was completed. Now pensioner's identity cards are issuing to the new pensioners within a period of one month after starting pension payment.

During 2020-22 period, owing the COVID pandemic, pensioners finding of difficulties to submit their life certificate coming to the office in person. For easing their hardship Pension Disbursement Cell offered to do mustering over video call through Whatsapp to pensioners of Kerala Water Authority. During 2020, Procedure to implement JEEVANPRAMAAN, for submitting life certificate also was started during this period. The process was completed during 2021 and in the said year, nearly 2000 pensioners submitted their life certificates digitally through Jeevanpramaan. For the purpose of digital life certificate processing a finger print scanner was allotted and an Iris scanner were allotted to pension disbursement cell. As such, the pensioners those who directly coming to head office for submitting their life certificates were digitally processed. More than 6000 pensioners submitted life certificate for the year 2023 through Jeevanpramaan. This shows that - new system to submit life certificate through digitally has been widely accepted.

While centralization during 2014, PPO books of all pensioners including pensioners portion were recalled to Head Office for the purpose of data entry and verification. During 2021, by considering the requests of pensioners, it was directed to return the pensioners portion of PPO Book, to the pensioners. In compliance to this all the pensioner's portions of PPO books were forwarded to the nearest divisions of their home address.

Chapter XVII INTERNAL AUDIT WING

Introduction

The internal audit wing of the Kerala Water Authority is an integral part of the internal control for the financial discipline of the department. The main function of the Internal Audit Wing of KWA is to ensure that the internal control mechanism works promptly and effectively. To achieve these goals, the internal audit wing strictly adhered to the directions issued by the Finance Department of the Government of Kerala vide Circular No. 32.2005.Fin dated 10.06.2005.

The Internal Audit Wing of KWA was established to conduct audits of the accounts of KWA offices, provide copies of the audit report in a timely manner, and immediately report any financial or procedural irregularities to the Head of Office.

The Internal Audit Wing is headed by two Internal Auditors. The staff strength of the wing is as follows.

Sl. No	Designation	Sanctioned strength
1	Internal Audit Officers	2
2	Accounts Officer	1
3	Divisional Accounts Officers	3
4	Junior Superintendent	2
5	Head Clerks	3
7	UD Clerks	1
6	LD Clerks	1
8	LD Typists	1
9	Office Attendant	1

A brief description of the functions of the internal audit wing is as follows:

Two teams under the control of two internal auditors were conducting audits of all the ARU's promptly and regularly. During the year 2022-2023, 12 numbers of regular audits have been conducted and reported to the concerned ARU's for rectification of the defects noticed. Besides the regular audits, 9 special audit was also conducted (including Medical Reimbursement 8 Nos) and moreover, Special audits will be conducted as and when theft cases/misappropriation of public money etc. are reported by subordinate offices concerned. In addition to this, as per the direction vide No.6510/E1/2020/KWA dated 06/01/2022, the pre-audit of Service Books in respect of the 32 employees was done by the Internal Audit Wing during the year 2022-23.

The Internal Audit Wing also brings the financial and procedural irregularities to the notice of the concerned officers at the time of audit and to ensure that the same is not repeated. Specific directions were also given to the ARU's for rectifying the defects pointed out as per the provisions/rules laid down by the Government from time to time.

Prompt and effective follow-up action was taken to obtain correction reports from the relevant ARUs.

The replies related to PAC, COPU, and other committees such as Estimate Committee, Subject Committee, Legislative Assembly, and C & AG report are also furnished by the internal audit wing during the year 2022- 2023. The Internal audit wing conducted review meetings for all ARUs under this organization, and this has helped in reducing the number of pending Paras of the Local Audit Report.

There are two stock verification sub-divisions headed by Assistant Executive Engineers that were functioning under the control of the internal audit wing for the stock verification of stock and stores of KWA. These offices were located in

Thiruvananthapuram and Kozhikode, respectively. The stock verification was conducted based on the pre-approved programme.

Recently, Kerala Water Authority introduced a new Material Management Software (MMS) for improving the accuracy of materials available in store (serviceable and unserviceable). Through the intense efforts initiated by the IA wing, the auction of unserviceable or obsolete materials at offices across the state has been conducted. KWA has collected an amount of Rs.16.63 crores and taken into account of KWA through the disposal of these items. As such, unnecessary expenses incurred on account of storage charges, stacking / re stacking expenses during physical verification can be avoided.

Due to the formation of KWA with effect from 01/04/1984, an Internal Audit Wing has been constituted, headed by two Internal Auditors. The main intention of the Internal Audit Wing is to prevent fraud, errors. Omission, commissions, theft, and misappropriation of revenue. This wing is consisting of two Internal Auditors, One Accounts Officer, Three Divisional Accounts officers, two Junior Superintendents, three Head Clerks, two clerks, two Typists and one Office Attendant. With the help of above staff two audit teams were constituted to conduct the regular audit for various ARUs of this Organization. The Audit teams verify the Establishment matters, Monthly Accounts, Cash Book, Cheque Memo, Revenue related matters, contractors bill payments etc. by observing the Hand Book and Guideline, Orders and Circulars were issued by Government of Kerala and Kerala Water Authority from time to time. This Wing is under the Supervisory control of Accounts Member.

In addition to the above, the internal audit wing is also responsible for arranging replies to inspection reports of the Accountant General, furnishing replies to Draft paragraphs to the government and also to various legislative committees. Furthermore, stock verification is an integral part of the internal audit wing. For stock verification of stores,

there are two stock verification teams headed by two Assistant Executive Engineers. Stock verification sub division No. I, which has head quarters at Thiruvananthapuram and is attached to P H Circle, Thiruvananthapuram, has jurisdiction of verification of 27 divisions (18 regular divisions and 9 project divisions). Stock verification sub division No.II, which has headquarters at Kozhikode and is attached to P H Circle Kozhikode, has jurisdiction over 18 divisions (12 regular divisions and 6 project divisions). The four programmes submitted through the internal audit wing are approved by the Accounts Member. The verification reports of the teams were transmitted after vetting to the concerned divisions by the Internal Audit Wing, and also the replies from the divisions were scrutinized. At present, staff strength is inadequate for the effective functioning of the internal audit wing. As per U O note No.2080/IA1(Audit)/2021/KWA dated 10/02/2021, it is requested by this office that necessary action may be taken to fill up the vacant posts in the internal audit wing.

Details of Internal Audit Completed during the year 2022-2023

During the period from 01.04.2022 to 31.03.2023, 12 regular audits and 9 Special Audits have been conducted by the Internal Audit Wing. These Offices are as follows:-

The queries related to the audit have been forwarded to the concerned ARUs for rectification and replies.

Details of Stock Verification conducted in 2022-2023

The stock verification subdivisions will conduct the stock verification in 45 divisions. Out of these, 30 numbers are maintenance sub divisions and the rest are project divisions. As per the existing practice, the stock verification sub division No. I, Thiruvananthapuram, shall conduct the stock verification of 27 divisions. The stock verification sub division No. II, Kozhikode, shall conduct 18 stock verifications. Out of these, the stock verification sub division No. I, Thiruvananthapuram, has conducted stock verifications of 8 Divisions and stock verification subdivision No. II, Kozhikode, has conducted 9 stock verifications during the year and submitted their reports for rectifying the mistakes and obtaining replies. Furthermore, the staff from the aforementioned teams were used on occasion for special audits as needed.

The inspection by IA Wing helps to improve the performance of various field offices and performance of KWA as a whole.

Chapter XVIII QUALITY CONTROL WING

Quality Control wing of KWA does the surveillance and monitoring of drinking water being supplied through various Water Supply Schemes. In addition to this water quality monitoring and surveillance of other water supply sources like open well, bore well etc in rural habitations are also being done under Jal Jeevan Mission.

The Quality Control Wing of KWA comprises of

- State Referral Institute (SRI)
- District labs- 14 Nos (one in each district)
- Sub District labs- 70 Nos

The 14 District labs are having a regular staff pattern which is entrusted for the water quality monitoring and surveillance of all water supply schemes of KWA. There is a three tier system with a definite protocol for conducting water sample analysis in stipulated frequency at AE/AEE/EE level. For this purpose, the schemes are classified into 5 categories. The scheme category and frequency of monitoring is shown in Table 1.

Category of KWA schemes	Benefitted population	Surveillance/ Monitoring conducted by		
		AE	AEE	EE
Category A	Population above 1 Lakh	Monthly	Once in 2 months	Once in 3 months
Category B	Population above 50,000 to 1 lakh	Once in 2 months	Once in 4 months	Once in 6 months
Category C	Population above 20,000 to 49,000	Once in 3 months	Once in 6 months	At random and when required
Category D	Population above 5000 to 19000	Once in 6 months	Yearly	At random and when required
Category E	Population less than 5000	Yearly	At random / as and when required in case of problem	

At present in district Labs, drinking water are tested for 17 Physico - Chemical parameters and 2 Bacteriological parameters. The details of parameters tested are shown in Table 2 below.

Physico- Chemical parameters	1. Colour
	2. Odour
	3. Turbidity
	4. pH
	5. Electrical Conductivity*
	6. Acidity*
	7. Alkalinity

	14. Fluoride
	15. Iron
	16. Nitrate
	17. Residual Chlorine
	* not in BIS
Bacteriological parameters	18. Total Coliform
	19. E.Coli

At each district lab approximately 100No of KWA scheme samples and an average of 200No. of Private samples (Which may hike up to 700 in certain labs) are analysed per month.

The results of water sample analysis of KWA schemes are forwarded to the concerned officers of Maintenance wing in charge of the schemes for taking corrective measures.

Moreover, chemicals such as Alum, Lime & Bleaching Powder used for water treatment in KWA schemes are also being tested in labs to ensure quality.

Under Jal Jeevan Mission, 14 District labs and 70Sub District labs are working for conducting quality analysis and sanitary inspection of drinking water sources like open well, bore well etc in rural habitations. Out of these, 14 District Labs and 69 Sub- district labs are NABL accredited up to March 2022. NABL audit is on- going in the remaining sub- district labs and District labs. Each Sub district lab covers 250 rural drinking water sources per month along with private samples. The results of water samples are uploaded in IMIS website of Govt of India. District labs cover 250 roster samples along with scheme samples and private samples. In each district lab there is one permanent sanitary chemist in KWA, who also oversees the functioning of sub district labs in the district. Other chemists are engaged on contract basis for the functioning of District and Sub District Labs.

The state wide apex body, State Referral Institute, which is functioning at Nettoor has got the facility for testing metals and pesticides in addition to the routine parameters as mentioned above, The metal analysis including toxic elements is being done with Atomic Absorption Spectroscopy (AAS). Pesticide are analysed using Gas Chromatography. Raw water samples from intake point of schemes are tested for heavy metals & Pesticides in Pre- monsoon & Post monsoon. The heavy metals and pesticides tested in SRI are shown in Table 3 below.

Table 3: Heavy Metals and Pesticides tested at SRI

Chapter XIX IMPLEMENTATION OF RIGHT TO INFORMATION ACT 2005

Right To Information Act is the Act which gives the right to all people to know the public information, passed by the Indian Parliament in 2005. This Act is one of the mile stones in the history of India. This rule was implemented all over India in the same year.

The Kerala Water Authority took initiative to implement the Act in the same year itself by issuing necessary Orders and Circulars. Accordingly, Twenty seven officers have been deputed as Public Information Officers in JalaBhavan, the headquarters of Kerala Water Authority. The Deputy Chief Engineers in all Regional Offices, PA to Superintending Engineer in Circle Offices, Technical Assistant to Executive Engineer in Division offices and Assistant Executive Engineer in Sub Division offices respectively are also deputed as Public Information Officers. In the absence of Public Information Officers, the Assistant Public Information Officers will be the responsible person. The Administrative Officer of Regional Offices, the Administrative Assistant of Circle Offices, the Divisional Accounts Officer of Divisional Offices and all Assistant Engineers under the purview of Sub Divisional Offices are deputed as Assistant Public Information Officers.

The complaints raised by the applicants against the information given, those which are not satisfactory or not within stipulated period will be heard and redressed. For this purpose, an Appellate Authority is required and nominated the Chief Engineer (HRD & GL) in JalaBhavan, Chief Engineers in all Regions and Chief Engineer, JICA as Appellate Officers.

മാനേജിംഗ് ഡയറക്ടറുടെ നടപടിക്രമം

വിഷയം:-കേരള വാട്ടർ അതോറിറ്റി - ഭരണ നിർവ്വഹണം - കേരള വാട്ടർ അതോറിറ്റിയുടെ വിവിധ ഓഫീസുകളിൽ അനുവദിക്കപ്പെട്ട തസ്തികകളും, തസ്തികകളുടെ എണ്ണവും പുനഃക്രമീകരിച്ച് ഏകീകൃത ഉത്തരവ് പുറപ്പെടുവിക്കുന്നു.

കേരള വാട്ടർ അതോറിറ്റി

നമ്പർ: 10567/E1/2022/കെ ഡബ്ല്യു എ തീയതി, തിരുവനന്തപുരം, 30.04.2022

സൂചന:-25.04.2022 ന് മാനേജിംഗ് ഡയറക്ടർ വിളിച്ചു ചേർത്ത അഡ്മിനിസ്ട്രേറ്റീവ് വിഭാഗത്തിന്റെ പ്രതിമാസ അവലോകന യോഗത്തിലെ തീരുമാനം.

ഉത്തരവ്

കേരള വാട്ടർ അതോറിറ്റിയുടെ പ്രവർത്തനങ്ങൾക്കായി കാലാകാലങ്ങളിൽ അനുവദിക്കപ്പെട്ട തസ്തികകൾ വിവിധ ഓഫീസുകളിലായി വിന്യസിച്ചതിന്റെ പൊതു ഉത്തരവ് നിലവിൽ ഇല്ലാത്തതിനാൽ, പി എസ് സി യിലേക്ക് ഒഴിവുകൾ റിപ്പോർട്ട് ചെയ്യുന്നതിനും, പൊതു സ്ഥലം മാറ്റത്തിനും മറ്റും പ്രായോഗിക ബുദ്ധിമുട്ട് നേരിടുന്നുണ്ട്. മാത്രമല്ല അനുവദിക്കപ്പെട്ട തസ്തികകൾ സംബന്ധിച്ച വിവരങ്ങൾ സർക്കാരിലേക്ക് ആവശ്യപ്പെടുമ്പോൾ അവ വ്യക്തമായ നൽകാനും സാധിക്കുന്നില്ല.

ഓഫീസുകളിലേക്കായി അനുവദിക്കപ്പെട്ട തസ്തികകൾ വ്യത്യസ്ത രീതിയിൽ ആണ് ഹെഡ് ഓഫീസിലും, ഫീൽഡ് ഓഫീസുകളിലും രേഖപ്പെടുത്തി സൂക്ഷിച്ചു വരുന്നത്. ഇത് അനുവദിക്കപ്പെട്ട തസ്തികകൾ സംബന്ധിച്ച വിവരവാകാശ അപേക്ഷകൾക്ക് മറുപടി നൽകുമ്പോൾ വ്യക്തത ഇല്ലാത്തതും, വ്യത്യസ്തമായ വിവരങ്ങൾ നൽകുന്നതിന് കാരണമാകുന്നതായും ശ്രദ്ധയിൽ പെട്ടിട്ടുണ്ട്.

2021 ൽ ആദ്യമായി ജി സ്റ്റാർക്ക് മുഖേന ഓൺലൈനായി പൊതുസ്ഥലം മാറ്റം നടപ്പാക്കുന്നതിനായി ഓരോ ഓഫീസിലെയും ഓരോ തസ്തികയുടെയും Sanctioned Strength ജി സ്റ്റാർക്കിൽ ഉൾപ്പെടുത്തേണ്ടത് അത്യവശ്യമായിരുന്നു. Sanctioned Strength ഉൾപ്പെടുത്തിയ പൊതു ഉത്തരവ് പ്രസ്തുത കാലയളവിൽ ലഭ്യമല്ലാതിരുന്നതിനാൽ, അതിനായി ഓഫീസുകളിൽ സൂക്ഷിച്ചിരുന്ന Sanctioned Strength അറിയിക്കുന്നതിനായി ഗുഗിൾ ഷീറ്റ് നൽകുകയും, അതിലെ തെറ്റുകൾ പരമാവധി തിരുത്തി ഗുഗിൾ ഷീറ്റ് വെബ്സൈറ്റിൽ പ്രസിദ്ധീകരിക്കുകയും ചെയ്തു.

അതുപ്രകാരമാണ് 2021 ലെ പൊതു സ്ഥലം മാറ്റം നടത്തിയത്. എന്നാൽ ടി പട്ടികയിലെ

Draft #1 of File 10567/E1/2022/KWA. Approved by Managing Director on 30-Apr-2022 08:06 PM - Page 1

അപാകത മൂലം, ചില ഓഫീസുകളിൽ Sanctioned Strength നേക്കാൾ അധികമായി ജീവനക്കാർ പോസ്റ്റ് ചെയ്യപ്പെടുകയും, ചില ഓഫീസുകളിൽ ജീവനക്കാരെ ആവശ്യത്തിന് ലഭിക്കാതെ വരുന്ന അവസ്ഥയും ഉണ്ടായി. അതിനാൽ തന്നെ പ്രസ്തുത ഗുറിൾ ഷിഫ്റ്റിലെ വിവരങ്ങൾ ഉത്തരവായി പുറത്തിറക്കിയിരുന്നില്ല. ഇത് ഓരോ ഓഫീസിലെയും Sanctioned Strength സംബന്ധിച്ച അവ്യക്തത തുടരാൻ ഇടയായി.

ഈ സാഹചര്യത്തിലാണ് ജിസ്റ്റർക്ക് ഡാറ്റ ലഭ്യമാക്കുന്നതിനുള്ള സോഫ്റ്റ് വെയർ സംവിധാനം ജി-സ്റ്റാർക്കിൽ നിന്ന് ലഭിക്കുകയും അതിന്റെ അടിസ്ഥാനത്തിൽ ഓരോ ഓഫീസിലേയും, ഓരോ തസ്തികയിലേയും Present Strength (നിലവിൽ ജോലി ചെയ്യുന്നവരുടെ എണ്ണം), Sanctioned Strength (അനുവദിക്കപ്പെട്ട തസ്തികയുടെ എണ്ണം) നേക്കാൾ അധികരിച്ചു പോകാത്ത വിധത്തിലും, ഓഫീസിന്റെ പ്രവർത്തനത്തിന് അത്യവശ്യമായ Sanctioned Strength ഓരോ ഓഫീസിലും ലഭിക്കത്തക്ക വിധത്തിലും ക്രമീകരിക്കുകയും ചെയ്തു.

പൊതുജനങ്ങൾക്കും, കേരള വാട്ടർ അതോറിറ്റിയുടെ ഭരണ നിർവ്വഹണത്തിനും ഉണ്ടാകുന്ന ബുദ്ധിമുട്ടുകൾ ഒഴിവാക്കാനായും, അനുവദിക്കപ്പെട്ട തസ്തികകളുടെ എണ്ണം സംബന്ധിച്ച് ഏകീകൃത രീതി നടപ്പാക്കാനായും, കേരള വാട്ടർ അതോറിറ്റിയിലെ എല്ലാ ഓഫീസുകളിലും അനുവദിക്കപ്പെട്ട തസ്തികകളുടെ എണ്ണം ഇതോടൊപ്പം പ്രസിദ്ധീകരിക്കുന്നു.

ഇത് പ്രകാരം എല്ലാ ഓഫീസ് രേഖകളിലും, ജി സ്റ്റാർക്കിലും ഈ മാസം 30 ന് മുൻപായി അടിയന്തര മാറ്റങ്ങൾ വരുത്തേണ്ടതാണ്. ഇതോടൊപ്പമുള്ള പട്ടികയുടെ അടിസ്ഥാനത്തിലായിരിക്കും ഇനി മുതൽ ഒഴിവുകൾ കണക്കാക്കപ്പെടുന്നത്.

ഈ ഉത്തരവ് പ്രകാരം ഓരോ ഓഫീസിലും അനുവദിക്കപ്പെട്ട തസ്തിക സംബന്ധിച്ച് തെറ്റുകൾ കണ്ടെത്തുന്ന പക്ഷം അവ സർക്കിൾ തലത്തിൽ പരിശോധിച്ച് വിശദമായ റിപ്പോർട്ട് (ആവശ്യമായ രേഖകൾ സാഹിതം) കേന്ദ്ര കാര്യാലയത്തിൽ സമർപ്പിക്കുന്ന മുക്ക് ഈ ഉത്തരവ് പ്രകാരം അനുവദിച്ചിട്ടുള്ള Sanctioned Strength ൽ ആവശ്യമായ മാറ്റങ്ങൾ വരുത്തുന്നതാണ്.

ഉള്ളടക്കം - ഓരോ ഓഫീസിലും അംഗീകരിച്ച തസ്തികകളും അവയുടെ എണ്ണവും. - 1

കേരള വാട്ടർ അതോറിറ്റിയിൽ വൈജ്ഞാനിക ഭരണം (Knowledge Administration)
നടപ്പിലാക്കുന്നതുമായി ബന്ധപ്പെട്ട് ചീഫ് എഞ്ചിനീയർ (HRD&GL) 15.11.2022 യിൽ കൂടിയ യോഗത്തിന്റെ
നടപടി കുറിപ്പ്.

യോഗം രാവിലെ 10 30 ന് കേരള വാട്ടർ അതോറിറ്റി ബോർഡ് റൂമിൽ ആരംഭിച്ചു.

യോഗത്തിൽ പങ്കെടുത്തവരുടെ പേര് വിവരങ്ങൾ അനുബന്ധമായി ചേർക്കുന്നു.

പ്രാരംഭമായി യോഗത്തിൽ പങ്കെടുത്ത എല്ലാ അംഗീകൃത ട്രേഡ് യൂണിയൻ / സംഘടനയെയും ചീഫ് എഞ്ചിനീയർ (HRD&GL) സ്വാഗതം ചെയ്തു.

ചീഫ് എഞ്ചിനീയർ വൈജ്ഞാനിക ഭരണം നടപ്പിലാക്കുന്നതുമായി ബന്ധപ്പെട്ട് കേരള വാട്ടർ അതോറിറ്റി ഗവൺമെന്റ് നൽകിയ പ്രൊപ്പോസൽ PPT വഴി ട്രേഡ് യൂണിയനെ അറിയിക്കുകയും, തുടർന്ന് വൈജ്ഞാനിക ഭരണം നിർവഹണം എല്ലാ വകുപ്പുകളിലും നടപ്പിലാക്കുന്നതിന്റെ ഭാഗമായി ജലവിഭവ വകുപ്പിലും തുടർന്നു കേരള വാട്ടർ അതോറിറ്റിയിലും നടപ്പിലാക്കുന്നതിന്റെ ആവശ്യകതയെക്കുറിച്ചും ഓർമ്മപ്പെടുത്തി. തുടർന്ന് ചർച്ചയുടെ ഭാഗമായി

KWAEU CITU

ആദ്യമായി അംഗീകൃത ട്രേഡ് യൂണിയനുമായി ഉള്ള ചർച്ച വൈകിയതിൽ പ്രതിഷേധം രേഖപ്പെടുത്തുന്നു , മാനേജ്മെന്റ് സ്വന്തം താല്പര്യത്തിനു ഒരു പ്രൊപ്പോസൽ GOK കൊടുത്തിട്ടു യൂണിയനെ പരിഹാസ്യരാക്കുന്നത് ശരിയല്ല . Re-Structuring നടപ്പിലാക്കാതെ അടിസ്ഥാന പോസ്റ്റുകൾ ഒഴിവാക്കുന്നത് ന്യായീകരിക്കാൻ പറ്റുകയില്ല . HR തുക പ്രതിമാസം വർദ്ധിക്കുകയാണ് അതിനാൽ അടിസ്ഥാന പോസ്റ്റുകളെ ആ മേഖലയിൽ നിലനിർത്തി കൊണ്ട് HR തുക കുറയ്ക്കാൻ സാധിക്കും. വാച്ച്മാനെപോലെ എഞ്ചിനീയർമാരുടെ പോസ്റ്റുകൾ ആവശ്യമെങ്കിൽ കോൺടാക്ട് വ്യവസ്ഥയിൽ എടുക്കാവുന്നതാണ്. LGS/ Lascar തുടങ്ങിയ പോസ്റ്റുകൾ റവന്യൂ സംബന്ധമായ പ്രവർത്തികൾക്കായി പുനർ നിശ്ചയിക്കാം. Mechanical Superintendent തസ്തിക സൃഷ്ടിക്കണം . QC LAB കൾ പുതിയതായി രൂപീകരിച്ചത് കൊണ്ട് Sanitary Chemist തസ്തിക പുനർ ക്രമീകരിക്കണം. 1294 പോസ്റ്റുകൾ നഷ്ടപ്പെടുത്തി 799 പോസ്റ്റുകളിൽ ചുരുക്കുന്നത് ശരിയല്ല; HR കാര്യങ്ങളെ എണ്ണം കൂടുതൽ ആണ് എന്നുള്ള വിവരം സർക്കാരിനെ അറിയിക്കണം, അത്തരം തസ്തികകൾ പുനർ ക്രമീകരിക്കണം. വാട്ടർ അതോറിറ്റി മാനേജ്മെന്റ് സർക്കാരിനെ തെറ്റിദ്ധരിപ്പിച്ച വിവരങ്ങളാണ് നൽകിയിരിക്കുന്നത്. നോൺ ഓപ്പറേറ്റീവ് തസ്തികകൾ പുനക്രമീകരണം നടത്തുന്നു എന്ന് പറഞ്ഞ് ഇന്ന് ഓഫീസുകളിലും, കടിവെള്ള പ്ലാന്റ്റ്റുകളിലും അത്യാവശ്യമായ അൺ സ്റ്റീൽഡ് വർക്കർ, വർക്കർ , വാച്ച് മൺ എന്നിവ ഉൾപ്പെടെ ലാസ്റ്റ് ഗ്രേഡ് തസ്തിക മുഴുവൻ ഒഴിവാക്കാനുള്ള ശ്രമമാണ് നടത്തുന്നത്. ഇതൊക്കെ ഒഴിവാക്കി ഉന്നത തസ്തിക സൃഷ്ടിക്കുന്ന നിർദ്ദേശം പുനഃ പരിശോധിക്കണം. ഇല്ലാത്ത ആപ്ലിസുകളുടെ പേരിൽ തസ്തിക സൃഷ്ടിക്കുന്നതിനു പകരം നിലവിലെ ഓഫീസുകളുടെ ജോലി ഭാരം അനുസരിച്ച് ജീവനക്കാരുടെ ക്രമീകരിക്കുകയാണ് ചെയ്യേണ്ടത്.

KWASA INTUC

അംഗീകൃത ട്രേഡ് യൂണിയനുമായി മീറ്റിംഗ് വിളിച്ചത് സ്വാഗതം ചെയ്യുന്നു. ട്രേഡ് യൂണിയൻ മീറ്റിംഗുകളിൽ ഓഫീസർ സംഘടനയുമായി കൂട്ടചേർന്ന് നടത്തുന്നത് ശരിയല്ല. ഇത് ഇനി ആവർത്തിക്കാതിരിക്കാൻ
